Notes of Decisions

Alteration of medical records during the course of a licensure survey in order to produce the appearance of compliance with regulations constitutes fraud and deceit justifying the Department of Health to refuse to renew a nursing home license. *Colonial Gardens Nursing Home, Inc. v. Department of Health*, 382 A.2d 1273 (Pa. Cmwlth. 1978).

§ 211.6. Dietary services.

(e) A current therapeutic diet manual approved jointly by the dietitian and medical director shall be readily available to attending physicians and nursing and dietetic service personnel.

Notes of Decisions

Although hygienic food handling and general dietary supervision are required by Health Care Facilities Act regulations, alleged wrong doing of skilled nursing facility that led to resident's death by salmonella poisoning did not involve "furnishing of medical services" as contemplated by the Act's definition of "professional liability" and therefore, was outside coverage by the Medical Professional Liability Catastrophe Loss Fund. *Stenton Hall v. Medical Liability Loss Fund*, 829 A.2d 377, 384 (Pa. Cmwlth. 2003); appeal denied 857 A.2d 681 (Pa. 2004).

§ 211.7. Physician assistants and certified registered nurse practitioners.

(a) Physician assistants and certified registered nurse practitioners may be utilized in facilities, in accordance with their training and experience and the requirements in statutes and regulations governing their respective practice.

(1) There shall be written policies indicating the manner in which the physician assistants and certified registered nurse practitioners shall be used and the responsibilities of the supervising physician.

(2) There shall be a list posted at each nursing station of the names of the supervising physician and the persons, and titles, whom they supervise.

(3) A copy of the supervising physician's registration from the State Board of Medicine or State Board of Osteopathic Medicine and the physician assistant's or certified registered nurse practitioner's certificate shall be available in the facility.

(4) A notice plainly visible to residents shall be posted in prominent places in the institution explaining the meaning of the terms "physician assistant" and "certified registered nurse practitioner."

(c) Physician assistants' documentation on the resident's record shall be countersigned by the supervising physician within 7 days with an original signature and date by the licensed physician. This includes progress notes, physical examination reports, treatments, medications and any other notation made by the physician assistant.

(d) Physicians shall countersign and date their verbal orders to physician assistants or certified registered nurse practitioners within 7 days.

(e) This section may not be construed to relieve the individual physician, group of physicians, physician assistant or certified registered nurse practitioner of responsibility imposed by statute or regulation.

(b) Restraints may not be used or applied in a manner which causes injury to the resident.

(c) Physical restraints shall be removed at least 10 minutes out of every 2 hours during the normal waking hours to allow the resident an opportunity to move and exercise. Except during the usual sleeping hours, the resident's position shall be changed at least every 2 hours. During sleeping hours, the position shall be changed as indicated by the resident's needs.

(d) A signed, dated, written physician order shall be required for a restraint. This includes the use of chest, waist, wrist, ankle, drug or other form of restraint. The order shall include the type of restraint to be used.

(e) The physician shall document the reason for the initial restraint order and shall review the continued need for the use of the restraint order by evaluating the resident. If the order is to be continued, the order shall be renewed by the physician in accordance with the resident's total program of care.
