LICENSED RETAIL DEALERS

§ 31.103. Responsibilities of licensed retail dealers and designated employees.
(a) General. If a clear and present danger to public safety is found by the Commissioner to exist in this Commonwealth, licensed retail dealers located in the affected area, upon public announcement by the Commissioner as referred to in section 6113 of the act (relating to licensing of dealers), shall securely store all firearms which are on the business premises during the hours when the licensed retail dealer is closed for business.

(b) Storage. Licensed retail dealers located in the affected area, upon public announcement by the Commissioner, are required to comply with one of the following:
(1) All firearms shall be removed from public display. This includes firearms in display cases, racks and shelves within the premises. These firearms shall be placed in a suitable safe, vault or storeroom until the Commissioner has declared the danger to have ceased.

(2) Those licensed retail dealers who do not have a suitable safe, vault or storeroom shall remove all firearms from public view. A bolt, cylinder or any other essential part the absence of which would make the firearm inoperable shall be removed from each firearm and stored at a location other than the licensed retail dealer’s place of business until the Commissioner has declared the danger to have ceased. The location shall be at a place geographically removed from the emergency and shall restrict unauthorized access.

c) Designated employee instructions.

(1) In the absence of the licensed retail dealer, the designated employee is responsible for the securing of firearms according to subsection (b).

(2) Licensed retail dealers shall instruct their designated employees of the storage requirements of firearms, if the Commissioner finds a time of clear and present danger to public safety.

§ 31.104. Storage requirements.

(a) A suitable storeroom for the storage of firearms shall consist of a separate room or closet located inside the premises. There may not be any windows or outside exits to this room. The entrance door of the storeroom shall be of solid wood or metal with the hinges to be designed and located so the pins cannot be pulled from outside the room. Door locks shall be the cylinder type, in good working order, firmly set in place, and with locking bolts or bars so designed that they cannot be pushed back with a thin instrument such as a knife blade or plastic card. The ceiling, floor and walls shall be constructed of wood, metal or wallboard to prevent entrance from an adjoining building or room.

(b) Vaults or safes employed to store the firearms shall be constructed of metal, steel or similar materials to prevent unauthorized entry.

(c) The premises or storeroom of a licensed retail dealer may be equipped with other security devices which the retail dealer deems necessary in addition to the requirements in this chapter.

§ 31.105. Commissioner’s notification.
(a) If the Commissioner determines that a clear and present danger to public safety in this Commonwealth exists, the Commissioner will notify all licensed retail dealers through public announcements through the news media.
(b) If the Commissioner determines that the clear and present danger to public safety in this Commonwealth has ceased, the Commissioner will notify all licensed retail dealers through public announcements through the news media.
