Subchapter A. GENERAL PROVISIONS

Sec.
147.1. Scope.
147.2. General.
147.3. Reinspection fee.
147.4. Penal provisions.

§ 147.1. Scope.
(a) This chapter regulates the activities of persons who apply for, receive or conduct activities under the authority of a permit issued under the act or this part and of persons who are excluded from basic permit requirements under section 2965 of the act (relating to exclusions), but who shall comply with animal care and public safety requirements of the act and this part.
(b) A holder of a permit shall keep a record of transactions on a form provided by the Commission in accordance with the instructions provided. A permittee shall answer, without evasion, questions that may be asked by a representative or officer of the Commission relative to ownership of a bird or mammal or part thereof, found in the permittee’s possession or under the permittee’s control, or which has passed through the permittee’s hands.

Notes of Decisions

Constitutionality

A summary judgment based on qualified immunity was improvidently granted in favor of an officer and his co-defendants, who were all officers or officials of the Pennsylvania Game Commission, because an objectively reasonable law enforcement officer in the defendant’s position would know that searches such as the warrantless home and business search made in this case may only be carried out under a properly executed warrant. Showers v. Spangler, 182 F.2d 165 (3d Cir. Pa. 1999); affirmed in part reversed in part 182 F.165 (1999).

Officers of the Game Commission are still entitled to qualified immunity for their conduct during an inspection conducted pursuant to this regulation; despite the fact that the premises inspection provisions of this regulation are inconsistent with the inspection language of the authorizing statute, which render the regulation language invalid; despite the fact that this regulation fails to limit the inspecting officer’s discretion through careful limitations of place and scope, rendering it unconstitutional, and; despite the fact that the inspection more closely resembled a search than an inspection. Showers v. Spangler, 957 F. Supp. 584 (M. D. Pa. 1997).

Search and Seizure

This regulation is insufficient to grant officers of the Pennsylvania Game Commission the type of sweeping search power the defendant/officer claims (a search for criminal physical evidence and not an inspection of a taxidermist’s records), where, at best, the regulation confers a limited power to search the transaction records of permittees—albeit under all too generous terms of time (on demand) and place (the premises). Showers v. Spangler, 182 F.3d 165 (3d Cir. 1999).

§ 147.2. General.

(a) In addition to definitions in sections 102 and 2961 of the act (relating to definitions), the following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Exotic wildlife—Members of the family Felidae except those species commonly called house cats and members of the family Canidae except those licensed by the Department of Agriculture.

Field trial/hunt test—A club, group or organization of ten or more dog owners/handlers participating in the actual performance of sporting dogs in one of the following events advertised and registered with AKC, UKC, NAHRA or the NAHDA:

(i) Member trial.
(ii) Licensed trial.
(iii) Sanctioned trial.

Nationally recognized circus—A large public entertainment, typically presented in one or more very large tents or in an outdoor or indoor arena, featuring a number of acts including exhibitions of pageantry, feats of skill and dar-
ing, performing animals and clowns and performing on a regular basis throughout, at a minimum, a region of the United States.

Propagate—Causing game or wildlife to reproduce under captive conditions.

Zoological park or garden—A park-like arena in which live animals are kept in cages or large enclosures for public exhibition.

(b) The following letter symbols, when used in this chapter, have the following meanings:

\[ H \]—Height.

\[ L \]—Length.

\[ W \]—Width.

(c) Persons desiring to be formally recognized by the Commission as being within the exclusions provided in section 2965 of the act (relating to exclusions) shall apply to the Commission in writing and furnish the following information:

(1) Public zoological garden. Evidence of having received during the past calendar year a government grant or appropriation.

(2) Private zoological park or garden. Evidence of accreditation by the American Association of Zoological Parks and Aquariums.

(3) Nationally recognized circus. A list of acts or displays included in the circus together with a current itinerary of performance dates and locations.

(d) Applications for permits issued under this part and Chapter 29 of the act (relating to special licenses and permits) shall be accompanied by written documentation from the applicant’s local governmental body where the activity will take place, that the privilege granted by the permit does not violate any enacted zoning, ordinance or other local rule. Documentation shall be provided in writing by official correspondence from an authorized officer of the municipality involved.

Subchapter B. BIRD BANDING

§ 147.21. General.
(a) When conducting activities granted by a bird banding permit, it is unlawful to fail or neglect to:
   (1) Transfer injured birds to a licensed rehabilitator or dispose of the bird as directed by an officer of the Commission.
   (2) Report dead birds to an officer of the Commission within 72 hours for disposition as directed.
   (3) Mark a trap, net or device with the bander’s name, address and permit number.
   (4) Release birds as soon as they have been identified and banded and the required data is recorded.
   (5) Remove birds from the trapping site except as provided in paragraphs (1) and (2).
(b) Bird banding permits may be issued to a nonresident of this Commonwealth.

Subchapter C. COLLECTING

§ 147.41. General.
When conducting activities granted by a collecting permit, it is unlawful to fail or neglect to:
   (1) Mark a trap or device with the permittee’s name, address and permit number.
(2) Transfer injured, nontargeted wildlife to a licensed rehabilitator or a Commission officer for disposition.
(3) Report dead nontarget wildlife within 72 hours to a Commission officer for disposition.

Subchapter D. DISABLED PERSONS

§ 147.61. Permits for certain disabled persons to use a vehicle.
When exercising the privileges granted by a permit issued under authority of section 2923(a) of the act (relating to disabled person permits), it is unlawful to fail or neglect to comply with the following:
(1) If the firearm is loaded, the vehicle shall be off the right-of-way of a public highway and shall be at a complete stop with the motor turned off.
(2) No more than one firearm may be loaded in either chamber or magazine at one time.
(3) Only the permittee may discharge the firearm.
(4) Other provisions of the act and this part, including license requirements, that apply to hunting in general apply to hunting under this permit.
(5) This permit is subject to Federal regulations which prohibit taking migratory game birds—waterfowl, woodcock, snipe, rails, doves and gallinules—from or by use of a sinkbox, motor-driven conveyance, motor vehicle or aircraft.
(6) This permit does not authorize possession of a pistol or revolver contrary to 18 Pa.C.S. §§ 101—9183 (relating to the Crimes Code).
(7) This permit is valid to hunt only during established hunting hours.

Subchapter E. ENDANGERED OR THREATENED SPECIES

§ 147.81. Scope.
(a) The permit will only be issued if it can be established that the possession of the endangered species will enhance the species as a whole.
(b) It is unlawful to fail or neglect to follow instructions or directions given on the permit.
§ 147.101. Definitions.

The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Allowable take—The total number of Arctic Peregrine Falcons authorized by the United States Fish and Wildlife Service to be taken from the wild within this Commonwealth during a given permit year.

Bate—Attempt to fly.

Eyas—A young bird not yet capable of flight.

Facilities—Equipment and shelters necessary to protect and train raptors.

Falconry—The wild capture, husbandry and training of raptors for the pursuit of wildlife, and the hunting of wildlife with raptors.

Hacking—The controlled release of a raptor to the wild.

Hybrid—Any bird that results from a cross of genetic material between two separate taxa when one or both are listed in 50 CFR 10.13 (relating to list of migratory birds) and any progeny of those birds.
Imprint—For the purposes of falconry, a bird that is hand-raised in isolation from the sight of other raptors until it has fledged. An imprinted bird is considered to be so for its entire lifetime.

Nestlings or eyases—Young raptors not yet capable of flight.

Passage birds—

(i) Raptors in their first year of life, postfledging and possessing no more than two adult feathers.

(ii) A Golden Eagle taken as a juvenile must possess at least one subadult feather when it is taken from the wild.

Raptors—Live migratory birds of the order Falconiformes or the order Strigiformes including the Bald Eagle—Haliaeetus leucocephalus—and the Golden Eagle—Aquila chrysaetos, wherever its place of origin, whether or not raised in captivity or a hybrid of those species.

Sponsor—The holder of a general or master falconry permit with at least 2 years experience as a general class falconer, who has accepted the responsibility for the conduct and training of an apprentice falconer.

Take—In addition to the definition in section 102 of the act (relating to definitions), the term also includes the purchase or acquisition of a raptor for the purpose of falconry.

Transfer—The term includes barter, sale, purchase, loan or gift, of a raptor excluding the temporary holding as provided in this subchapter.

§ 147.102. Application, examination and fees.

(a) Application. Applications for falconry permits issued under this subchapter shall be made through the regional office on the appropriate form provided by the Commission.

(1) Applications will only be accepted from persons who possess a valid hunting license or qualify for license and fee exemptions under section 2706 of the act (relating to license and fee exemptions).

(2) Applications must include the name, address and telephone number of the applicant, a photocopy of the applicant’s valid Pennsylvania hunting license and a nonrefundable examination fee of $25.

(3) An applicant who is 17 years of age or younger is additionally required to have a parent or legal guardian co-sign the application and assume legal responsibility for the applicant’s falconry activities.
(b) **Examination.**

(1) New applicants shall pass a supervised examination with a minimum grade of 80%.

(2) Examinations must cover the following subjects:

(i) Laws and regulations.

(ii) Raptor biology and raptor identification.

(iii) Trapping methods.

(iv) Facilities requirements.

(v) Care of raptors held for falconry.

(vi) Disease and health problems of raptors.

(vii) Training methods.

(3) Examinations will be administered by the Commission at each regional office throughout the permit year. An applicant shall schedule the examination with regional personnel in advance.

(c) **Validation.** A new applicant’s falconry permit is validated at the apprentice class only upon passage of the supervised examination, passage of facility inspection, and payment of the falconry permit fee set forth in section 2904 of the act (relating to permit fees).

(d) **Lapsed permit.** A falconer whose permit lapses for 2 or more years shall apply as a new applicant.

§ 147.103. Classes.

(a) **Apprentice.** Permittees of the apprentice class shall be subject to the following requirements and limitations:

(1) Permittees shall be 12 years of age or older.

(2) Permittees shall be sponsored, at all times, by a Pennsylvania general or master class falconry permit holder who has at least 2 years experience as a general class falconer. If a permittee’s sponsorship is withdrawn or lost for any reason, the permittee shall provide written notification of the loss to the Commission within 5 days and shall be required to replace the sponsorship within 15 days.

(3) A first year permittee of this class may take and possess only one raptor with no replacement during the first permit year. Other permittees of this class may take and possess only one raptor with only one replacement during each permit year.

(4) Permittees are limited to taking and possessing only wild passage (no eyases) raptors of the following species:

(i) American Kestrel (*Falco sparverius*).

(ii) Red-tailed Hawk (*Buteo jamaicensis*).
Permittees are required to trap their first passage raptor under the direct supervision of a Pennsylvania general or master class falconry permit holder. 

(b) General. Permittees of the general class shall be subject to the following requirements and limitations:

1. Permittees shall be 18 years of age or older.
2. General class permit applicants shall have maintained their apprentice class permit status in good standing for a minimum of 2 years and during that period shall have maintained a raptor for a minimum of 12 months. An application to advance to the general class shall be accompanied by a written letter of recommendation from the permittee’s sponsor representing that the permittee possesses the competency and skills necessary to become a member of the general class.
3. A first year permittee of this class may take only one additional raptor and possess up to a total of two raptors with only one replacement during the first permit year. Other permittees of this class may possess up to a total of three raptors with two replacements during each permit year. Captive-bred and hybrid raptors shall be included in these quota limits.
4. Except as further limited under § 147.109a (relating to hunting and training with raptors), permittees are authorized to take and possess any wild passage or eyas raptors except the following species:
   i. Golden Eagle (Aquila chrysaetos).
   ii. Bald Eagle (Haliaeetus leucocephalus).
   iii. White-tailed Eagle (Haliaeetus albicilla).
   iv. Steller’s Sea-eagle (Haliaeetus pelagicus).
   v. Other raptor species listed or classified as threatened or endangered by the United States Department of Interior or the Commission.

(c) Master. Permittees of the master class shall be subject to the following requirements and limitations:

1. Permittees shall be 23 years of age or older.
2. Master class permit applicants shall have maintained their general class permit in good standing for a minimum of 5 years and during that period shall have maintained a raptor for a minimum of 3 years.
3. A first year permittee of this class may take only one additional raptor and possess up to a total of four raptors with only one replacement during the first permit year. Other permittees of this class may each possess a total of five raptors with two replacements during each permit year. Hybrid raptors shall be included in these quota limits. Captive-bred raptors not defined as hybrid will not be included in these quota limits.
4. Except as otherwise provided under § 147.109a and paragraph (5), permittees are authorized to take and possess any wild passage or eyas raptors except the following species:
   i. Golden Eagle (Aquila chrysaetos).
   ii. Bald Eagle (Haliaeetus leucocephalus).
(iii) White-tailed Eagle (Haliaeetus albicilla).
(iv) Steller’s Sea-eagle (Haliaeetus pelagicus).
(v) Other raptor species listed or classified as threatened or endangered by the United States Department of Interior or the Commission, unless authorized in writing by the United States Department of Interior or the Commission, or both, to possess up to a maximum of one threatened or endangered raptor as part of their total possession allowance.

(5) Upon additional written authorization provided by the Commission, permittees may possess up to a maximum of three eagles, regardless of captive-bred or wild caught, limited to golden eagles, white-tailed eagles, Steller’s sea-eagles or any other eagle not covered by the Migratory Bird Treaty Act (16 U.S.C.A. §§ 703—712), as part of their total possession allowance. An application to possess eligible eagles shall be accompanied by two written letters of recommendation from persons with experience handling or flying large raptors, such as eagles, ferruginous hawks (Buteo regalis), goshawks (Accipiter gentilis) or great horned owls (Bubo virginianus). Each letter of reference must contain a concise history of the author’s experience with large raptors and an explicit representation that the permittee possesses the competency and skills necessary to possess eagles.

§ 147.104. Shelter, care and protection.
(a) Housing. Any raptor possessed under a falconry permit shall be housed in a permanent indoor or outdoor facility that provides humane and healthful living conditions, including suitable protection from the environment, predators and disturbance.

(1) Size. Housing facilities must be large enough to afford the permittee easy access to provide for the care and feeding of raptors housed within. Each raptor must have an area large enough to allow it to fly if it is untethered or, if tethered, to fully extend its wings and bate without damaging its feathers or contacting other raptors.

(2) Containment. Housing facilities must be totally enclosed and of a design, strength, quality and condition to provide for the adequate containment of any raptor housed within and exclusion of any predators from without. If two or more raptors are housed in the same housing facilities, each raptor shall be separated from other raptors by partitioning walls or suitable tethering. Compatible raptors may be housed together.
(3) **Protection.** Housing facilities must provide areas of refuge that provide adequate protection from excessive sun, wind, inclement weather and disturbance to any raptor housed within.

(4) **Perches.** Housing facilities must provide a suitable perch for each raptor housed within.

(5) **Sunlight.** Housing facilities must provide at least one opening or window to permit the admission of sunlight. The opening or window must be protected on the inside with visible bars spaced narrower than the width of the raptor’s body to deter in flight impacts.

(6) **Cleaning and drainage.** Housing facilities must be of a design and condition to permit easy cleaning and adequate drainage.

(7) **Transportation.** Raptors may be transported to and from their permanent or temporary housing facilities provided they have a suitable perch and protection from extreme temperatures, wind and excessive disturbance.

(8) **Temporary housing.** Raptors may be housed outside of their permanent housing facilities, provided they have a suitable perch and protection from extreme temperatures, wind and excessive disturbance for a period not to exceed 30 days without additional authorization from the Commission. Permittees are required to notify the district wildlife conservation officer within 5 days of the commencement of use of a temporary housing facility.

(b) **Equipment.** Permittees shall possess the following equipment suitable for the maintenance of raptors:

(1) **Jesses.** At least one pair of Aylmeri jesses or jesses of similar type or design and constructed of pliable, high quality leather or suitable synthetic material for use when free flying the raptor. Traditional one piece jesses may only be used for hunting or free flight if they do not have slits.

(2) **Leashes and swivels.** At least one flexible weather resistant leash and one strong swivel.

(3) **Bath container.** At least one suitable container accessible to each raptor for drinking and bathing purposes. The container must be 2 to 6 inches deep and wider than the length of the raptor.

(4) **Outdoor perches.** At least one suitable weathering area perch for each raptor.

(5) **Weighing device.** A reliable scale or balance suitable for weighing raptors. The device must be graduated in increments of not more than 1/2 ounce or 15 grams.

(c) **Maintenance, care and sanitation.** Permittees shall maintain all raptors and their attendant housing facilities in a safe, sanitary and humane condition.

(1) **Food.** Permittees shall provide each raptor with adequate supplies of palatable, uncontaminated and nutritionally adequate food suitable to ensuring the normal health and maintenance of raptors.

(2) **Water.** Permittees shall provide each raptor with adequate supplies of fresh, uncontaminated water that is available at all times.

(376477) No. 487 Jun. 15
(3) Waste. Permittees shall remove fecal, food and other waste from housing facilities as needed.

(4) Care. Permittees shall provide any necessary health care or seek care through a licensed veterinarian or wildlife rehabilitator for any sick or injured raptor.

(d) Inspection. A permittee’s raptors, housing facilities, equipment and records are subject to inspection by the Commission during normal business hours on any day of the week. All housing, equipment, maintenance, care and sanitation conditions are subject to the initial and ongoing approval of the Commission. Any required modifications shall be completed within 30 days after official oral or written notice of deficiency received from the Commission.

Taking restrictions for resident falconers are as follows:

(1) A valid falconry permit is required prior to obtaining a raptor.

(2) Eyases may only be taken by a General or Master falconer. No more than two wild eyases may be taken by a permittee per permit year. A permittee may not take the last remaining eyas from the nest.

(3) A raptor, other than an endangered or threatened species, taken under a depredation permit or rehabilitated by a licensed rehabilitator determined to be unfit for return to the wild, may, with written authorization of the Commission, be used by falconers as long as they do not exceed limits set by its classification and this subchapter.
(4) A bal-chatri type live trap, other live traps and nets may be used to take raptors if they are used in a manner that minimizes the danger of injuring the raptor.

(5) Owners of escaped raptors that are banded as required by § 147.107a (relating to marking of certain raptors) may recapture the banded raptors.

(6) Permittees may take no more than two raptors from the wild during any given permit year for replacement or other purposes regardless of their permit quota allowances.

§ 147.106a. Nonresident falconers.
(a) Temporary importation. A nonresident may temporarily import raptors into this Commonwealth for the purpose of attending a falconry meeting or to hunt, provided the possession and importation of the raptors is in compliance with all applicable Federal and State laws and regulations. The temporary importation may not exceed 30 days without additional authorization from the Commission.

(b) Permanent importation. A nonresident who moves into this Commonwealth for the purpose of becoming a resident may permanently import raptors into this Commonwealth provided the following conditions are met:

(1) Possession and importation of the raptors is otherwise in compliance with applicable State and Federal laws and regulations.

(2) Establishes permanent housing facilities for the raptors that meet or exceed the requirements of § 147.104 (relating to shelter, care and protection) within 30 days of importation.

(3) Obtain a Pennsylvania falconry permit no later than 60 days after relocation into this Commonwealth. A relocating nonresident is eligible to receive a Pennsylvania falconry permit of the same or equivalent classification. The
A falconry permit issued by the former state of residence will be deemed the nonresident’s temporary authority to possess and exercise imported raptors until the Pennsylvania permit is issued. This temporary authority may not be construed to permit the taking of additional raptors from the wild in this Commonwealth.

(c) **Taking restriction.** Taking restrictions for nonresidents are as follows:

1. A nonresident permittee possessing a current and active falconry permit in the General or Master classification in a state listed in 50 CFR 21.29(k) (relating to Federal falconry standards), may apply for a special permit to take one raptor from the wild in this Commonwealth if the home state of the applicant allows the taking of raptors by nonresidents.

2. The fee for a permit to take a raptor is $100 and is not refundable.

3. Applications for this permit shall be submitted directly to the Bureau of Wildlife Protection with the applicant’s name, address, telephone number, date of birth, and the species desired and whether a nestling (eyas) or passage bird is requested. Copies of the applicant’s current state or Federal, or both, falconry permit along with a valid import permit or letter from the applicant’s home state authorizing the import of the raptor being requested shall accompany the application. A certified check or money order in the amount of $100 payable to “Pennsylvania Game Commission” must accompany the application.

4. Periods for taking raptors as authorized under a nonresident take permit are May 8 to July 15, inclusive for nestling (eyas) birds, or September 19 to December 31, inclusive for passage birds.

5. A permittee may not take the last remaining nestling-eyas-from a nest.

6. The number of permits issued annually will not exceed:

7. Eyas Goshawk birds may not be taken.

8. Permits will be issued under a first-come-first-served basis until the annual allocation is exhausted.

9. The acquisition of a raptor taken from the wild as authorized by the take permit shall be reported to the United States Fish and Wildlife Service by completing a Form 3-186A (Migratory Bird Acquisition and Disposition Report) and forwarding a copy to the Bureau of Wildlife Protection within 5 days.

10. Raptors taken under the authority of this permit shall be used for falconry purposes only.

§ 147.107a. Marking of certain raptors.

(a) Banding. Raptors used for falconry purposes shall be banded as follows:
(1) Wildlife raptors. The following raptors taken from the wild shall be marked immediately upon capture by a permanent, numbered, nonreusable band supplied by the Commission:
   (i) Peregrine Falcons (Falco peregrinus).
   (ii) Goshawks (Accipiter gentilis).
   (iii) Gryfalcons (Falco rusticolus).
   (iv) Harris’s Hawks (Parabuteo unicinctus).
(2) Captive bred and hybrid raptors. Captive bred and hybrid raptors shall be marked immediately upon acquisition by a seamless numbered band supplied by the Commission.
(b) Replacement bands. Any band required under subsection (a) that becomes mutilated, illegible or lost shall be replaced with a permanent, numbered, nonreusable band supplied by the Commission. Permittees shall report any damage or loss requiring replacement to the Bureau of Wildlife Protection within 72 hours of the damage to or loss of the band. A mutilated or illegible band shall be returned to the Commission prior to replacement.
(c) Return of unused bands. Permittees shall return any unused bands in their possession by June 30 to the Bureau of Wildlife Protection.
(d) Radio transmitters. Permittees shall attach two radio transmitters on any hybrid raptor that is flown for falconry purposes or for a falconry demonstration.
(e) Unlawful acts. It is unlawful for any person to transfer, alter or deface a lawfully issued band or to use or possess a counterfeit band.

(a) Raptor acquisition, transfer or disposition report. Permittees shall complete and submit a Form 3-186A (Migratory Bird Acquisition and Disposition Report) to the United States Fish and Wildlife Service and forward a copy to the Bureau of Wildlife Protection within 5 days for the following types of transactions or events:

1. The acquisition of a raptor taken from the wild or received by transfer from another person.
2. The loss of a raptor previously held through release, escape, theft or death.
3. The transfer of a raptor to another person.
4. The banding or rebanding of any raptor which requires banding.
5. The loss or removal of banding from any raptor that does not presently require banding.

(b) Annual report. Each permittee shall complete and submit an annual report to the Bureau of Wildlife Protection by July 31, on forms supplied by the Commission. The report must include an accurate accounting of all activities conducted under the authority of the permittee’s falconry permit during the preceding permit year. Permittees shall complete and submit a similar report within 30 days of the termination of their permit.

§ 147.110b. Educational use of raptors.

(a) *Falconry and raptor lectures.* General or Master class permittees may engage in noncommercial educational lecture activities using live raptors subject to the following conditions:

1. The educational lecture activities shall be focused on the natural history of raptors, the conservation of raptors, the sport of falconry and other related topics.
2. Raptors used in educational lecture activities may not have physical contact with members of the audience or general public.
3. Raptors used in educational lecture activities shall be maintained either tethered and on the permittee’s gloved hand or in a transport carrier. No flight is permitted.
4. The permittee may not receive any form of compensation for the lecture.
5. The permittee is encouraged, but not required, to notify the regional office in advance of conducting any scheduled educational lecture activities.

(b) *Falconry demonstrations.* General or Master class permittees may engage in noncommercial falconry demonstrations using live raptors subject to the following conditions:

1. Raptors used in falconry demonstrations activities may not have any physical contact with members of the audience or general public.
2. Outdoor raptor free-flight demonstrations may be conducted only by Master class permittees.
3. Indoor raptor flight demonstrations shall be conducted with the raptor tethered in a manner that prevents physical contact with the audience or general public or with physical structures such as walls, windows or furniture. Indoor raptor free-flight demonstrations are prohibited.
4. The permittee may not receive any form of compensation for the falconry demonstration.
5. The permittee shall notify the regional office in writing at least 5 days in advance of conducting any scheduled falconry demonstration activities.

(c) *Other education uses of raptors.* Permittees may engage in other forms of noncommercial educational activities using live raptors, such as photography or filming, subject to the following conditions:

1. The activities shall be focused on the natural history of raptors, the conservation of raptors, the sport of falconry and other related topics.
(2) The permittee may not receive any form of compensation for the activity.
(3) The permittee may not use raptors for entertainment, advertisements, promotion or endorsements of any products, merchandise, goods, services, meetings, fairs or as a representation of any business, company, corporation or other organization.

§ 147.111a. Additional requirements for permittee.

(a) A permittee is prohibited from propagating raptors held under the authority of a falconry permit unless they possess a joint State/Federal raptor propagation permit.

(b) A permittee whose permit lapses or is otherwise suspended or revoked shall return any raptors possessed into the wild by hacking, transferring the raptors to another permitted falconer, or forfeiting the raptors to the Commission. Propagated, hybrid and nonindigenous raptors may not be released into the wild.

(c) A permittee may not sell, purchase, barter or offer to sell, purchase or barter a propagated raptor unless the raptor is marked on the metatarsus by a seamless, numbered band supplied by the United States Fish and Wildlife Service or the Commission.

(d) If a permittee’s raptor unintentionally injures or kills any wildlife during a closed season while engaged in falconry activities, the permittee shall comply with the notification and reporting requirements in section 2306 of the act (relating to killing game or wildlife by mistake). The permittee will not be required to pay any restitution fees unless the injury or taking is determined to be the result of carelessness or negligence. The permittee is not required to put the carcass of the injured or killed wildlife in a place of safekeeping, but rather may leave the carcass in the field and allow the raptor to feed upon it. Once the raptor is finished feeding, it may not be hunted the rest of that day.

(e) A raptor possessed under authority of a falconry permit may be temporarily held by a person other than the permittee only if that person is otherwise
authorized to possess raptors, and only if the raptor is accompanied at all times by a properly completed United States Fish and Wildlife Service Form 3-186A designating the permittee as the possessor of record and by a signed, dated statement from the permittee. If the period of care will exceed 30 days, written permission shall be obtained from the Commission. Illness or disability of the permittee would be cause for temporary transfer of the raptors to another authorized person for care. The Commission shall be notified of this action within 5 days following the temporary transfer. Final disposition of the raptors will be at the discretion of the Commission.

(f) Molted feathers, or feathers from birds held in captivity that die, may be retained by the permittee for imping purposes only. Molted feathers and retrices from a golden eagle shall be collected and used for imping purposes or submitted to the National Eagle Repository.

(g) Carcasses of dead raptors shall be disposed in a proper waste receptacle or buried underground unless otherwise authorized by the Commission. The entire carcass of dead golden eagles, including all feathers, talons and other parts shall be submitted to the National Eagle Repository.

(h) Propagated, hybrid and nonindigenous raptors may not be intentionally released into the wild without prior written approval of the Commission.

(i) A sponsor may not have more than three apprentices at one time.

§ 147.111b. Arctic Peregrine Falcon limited take special permit.

(a) Purpose. This permit is intended to permit the limited take of the Arctic Peregrine Falcon (Falco peregrinus tundrius) solely for use in the practice of falconry.

(b) Application.

(1) Applications for the Arctic Peregrine Falcon limited take special permit issued under this section shall be made on PGC-12 (Special Permit/Examination Request—Application).

(2) Applications shall be completed in full and include a copy of the applicant’s falconry permit, Pennsylvania hunting license and a nonrefundable application fee of $25.

(3) Applications shall be sent directly to the Special Permits Enforcement Division in Harrisburg.

(4) Applications will be accepted beginning May 1 and must be submitted no later than July 31 to be eligible for the drawing for that permit year.
Only one application per eligible falconer may be submitted during each permit year. If more than one application is submitted by an eligible falconer, the applications submitted by the applicant will be rejected and the applicant will be ineligible for that year’s drawing. 

Eligibility.

Applications will only be accepted from persons who meet all of the following criteria:

- Applicants shall possess a current and valid master or general class falconry permit issued under this subchapter.
- Applicants shall possess a current and valid Pennsylvania hunting license.
- Applicants shall be a resident of this Commonwealth or a nonresident whose home state allows the taking of Arctic Peregrine Falcons by residents of this Commonwealth.

Applicants who were successfully drawn for an Arctic Peregrine Falcon limited take special permit during the previous 2 permit years are ineligible to make application.

Drawing.

Each year the Commission will determine the allowable take of Arctic Peregrine Falcons for the season based on the guidelines provided by the United States Fish and Wildlife Service.

If the allowable take authorized for this Commonwealth is one or more in any given year, the Commission will hold a public drawing by August 15 at a location to be determined by the Commission to determine the successful applicants.

The Commission will randomly draw the names of eligible applicants up to and including the total allowable take. The number of permits issued will be based solely on the total allowable take each year. When the total allowable take number is reached, the drawing will be closed and additional permits will not be issued. Resident applications will be drawn first until either the annual allowable take quota or pool of available resident applications is exhausted. If any portion of the annual allowable take quota is available after resident applications are exhausted, then nonresident applications will be drawn until the annual allowable take quota is exhausted.

The Commission will issue an Arctic Peregrine Falcon limited take special permit to successful applicants by August 31 each year.

Authorized activities.

Arctic Peregrine Falcons (Falco peregrinus tundrius) may only be taken by persons who have been issued a valid Arctic Peregrine Falcon limited take special permit and who continue to meet the eligibility criteria in subsection (c)(1).

Arctic Peregrine Falcons (Falco peregrinus tundrius) may be taken only during the period of September 20 to October 20, inclusive.
(3) Banded Peregrine Falcons may not be taken under the authorizations of this section. Banded Peregrine Falcons shall be released immediately upon capture and the band numbers of the released birds shall be reported to the Special Permits Enforcement Division within 24 hours.

(4) Arctic Peregrine Falcons may only be captured by devices authorized under § 147.105a(4) (relating to resident falconers).

(5) Persons issued an Arctic Peregrine Falcon limited take special permit shall abide by other applicable State and Federal falconry laws and regulations.

(6) Upon successful capture of an Arctic Peregrine Falcon, the permittee shall notify the Special Permits Enforcement Division with 24 hours. The permittee shall arrange for inspection within 3 days of the capture as directed by the Special Permits Enforcement Division.

(7) Upon inspection by the Commission as indicated, the Arctic Peregrine Falcon shall be marked with a permanent, nonreusable numbered leg band provided by the Commission.

(f) Conformance with Federal regulations. If the Federal regulations regarding dates or times of application, drawing or take change, the Executive Director has the authority to conform the Commonwealth’s dates to the Federal regulations for that year in which the dates under Federal regulations have changed.

(g) Violations. Violations of the requirements of this section are subject to the penalties in the act.

147.146. Sale of inedible wildlife parts.

§ 147.141. Sale of wildlife and wildlife parts.
(a) Wildlife or parts of wildlife accidentally killed on the highway or by other causes, illegally taken, shot for crop damage or live deer removed from the wild, may be sold to a person under the following minimum fee schedule:
   (1) Deer antlers—$10 per point.
   (2) Deer cape—to include entire hide—$25.
   (3) Doe or spike buck head and hide—$25.
   (4) Fawn deer—$75.
   (5) Any live deer—$150.
   (6) Deer hide only—$5.
   (7) Pheasant, grouse, quail, squirrel, rabbit, hare, woodchuck, mink, muskrat, opossum, skunk, weasel and raccoon—$25.
   (8) Other small mammals—$25.
   (9) Turkey, beaver and fox—$50.
   (10) Bobcat, otter and fisher—$100.
   (11) Bears—minimum of $100.
   (12) Cow or spike elk head and hide—$100.
   (13) Elk cape—to include entire head—$100 plus $20 per point.
   (14) Elk antlers—$20 per point.
   (15) Elk hide—$25.
   (16) Live elk—minimum of $100.
   (17) Any other species may be sold at public auction or through sealed bid.
(b) An official Commission receipt shall serve as a person’s permit to possess and retain the wildlife sold under authority of subsection (a).
(c) Live deer may only be sold to persons holding an existing and current Wildlife Propagation or Wildlife Menagerie Permit.
(d) Except those accidentally killed by a vehicle, sales of wildlife or wildlife parts may not be made to the person who caused the death or removal from the wild of the bird or animal or a member of the immediate household, or a person acting on their behalf.

§ 147.142. Wildlife disposition.

(a) Consumption permit. The Commission, in its sole discretion, may issue a consumption permit to a resident of this Commonwealth to authorize the possession and consumption of the edible portions of any wildlife carcass. A permit issued under this subsection will be valid for a period not to exceed 120 days from the date of issuance. The whole, or any part of any wildlife possessed under this subsection, may not be transferred to another person nor may any edible portion be removed from the possessor’s place of residence for any purpose other than processing. Inedible portions of any wildlife possessed under this subsection shall be surrendered to the Commission or disposed of in a manner directed by the Commission.

(1) General procedures. Except as otherwise provided in paragraph (2), a person shall contact the Commission to obtain a paper consumption permit prior to taking possession of the carcass of any wildlife.

(2) Special procedures for deer and turkey accidentally killed by a motor vehicle. A person is authorized to take immediate possession of the carcass of a deer or turkey evidently killed accidentally by a motor vehicle and transport it to a place of safekeeping within this Commonwealth. A person taking possession of a deer or turkey carcass under this paragraph shall contact the Commission to obtain a permit number within 24 hours after having taken possession of the deer or turkey carcass. The issued permit number itself shall be considered a valid permit for the purposes of authorizing the continued possession of the edible portions of the deer or turkey carcass.

(b) Furbearing species accidentally killed by a motor vehicle. A person holding a valid Pennsylvania furtaker’s license is authorized to take immediate possession of and utilize the edible and inedible portions of any furbearer, except river otters, bobcats and fishers, evidently killed accidentally by a motor vehicle. Any person taking possession of any furbearer under this subsection during the...
closed season for the taking of the same shall contact the Commission to make notification of the possession within 24 hours.

(c) Unlawful acts. It is unlawful to:

(1) Possess the whole or any part of any wildlife without receiving any required permit, making any required notification or meeting any applicable eligibility standards within any applicable time restrictions.

(2) Fail to surrender the inedible portions of any wildlife possessed under the authorizations of subsection (a) to the Commission or to dispose of the same in the manner directed by the Commission.

(3) Violate any other provisions of this section.

(d) Inapplicability. This section does not limit the lawful possession of the whole or any part of any wildlife that is otherwise authorized by § 147.141 (relating to the sale of wildlife and wildlife parts).

§ 147.143. Transfer of lawful possession of abandoned venison.

(a) Definition.

Abandoned venison—Venison which remains unclaimed by the lawful owner at a butcher shop for longer than 10 days after the lawful owner has been notified by the butcher or an employe that the venison is dressed and ready to be picked up.

(b) Procedure for transfer of lawful possession of abandoned venison.

(1) Lawful possession of abandoned venison may be transferred to any resident of this Commonwealth who is in possession of a valid permit to possess deer (PGC-90-LE) provided that:

(i) Prior to a transfer of possession of abandoned venison the butcher or an employe has notified the lawful owner of the venison in the butcher shop by United States registered mail to the person’s last known address of the intent to dispose of the venison.

(ii) The notification gives the lawful owner of the venison 30 days to claim the venison and pay to the butcher the standard labor fee for preparing the venison for consumption.

(2) After the 30-day period has expired, the butcher may transfer the lawful possession of abandoned venison to a resident of this Commonwealth who presents a valid permit to possess deer (PGC-90-LE) and if required by the butcher pays the standard labor fee for preparing the venison for consumption.
(3) The butcher shall, within 24 hours of transferring possession of abandoned venison, send by United States mail a report setting forth the date of transfer and the name, address and telephone number of the person or organization that received the venison to the wildlife conservation officer in charge of the district where the butcher shop is located.

§ 147.146. Sale of inedible wildlife parts.

(a) Wildlife lawfully taken within this Commonwealth that has been mounted, tanned or completely prepared for study or display in accordance with generally accepted taxidermy procedures may be sold if one of the following conditions is met:

(1) The original owner is deceased.

(2) The original owner’s assets are being liquidated.

(3) The original owner’s specimen is determined to be unclaimed as provided for in subsection (b).

(b) A specimen will be considered unclaimed when the following conditions are met:

(1) The specimen was lawfully possessed when originally deposited with the taxidermist.
(2) The specimen was mounted, tanned or completely prepared for study or display in accordance with generally accepted taxidermy procedures.

(3) The taxidermist has made a reasonable effort to contact the original owner or depositor through any means generally available to inform the owner or depositor that the specimen is complete and should be picked up within a certain time period.

(4) The owner, or the original depositor of the specimen, has been notified by certified, first-class mail and has failed to contact the taxidermist within 30 days of receipt of the notice; or the taxidermist is notified by the postal authorities the certified mail is unclaimed or undeliverable. The specimen will be considered unclaimed after 30 days from the date the taxidermist was notified.

(c) Before selling a specimen, a permit shall be obtained from a Commission officer.

(d) An executed copy of the permit application (PGC-12) shall list the items to be sold. The permit is valid for 120 days.

(e) The fee for a permit issued under this section is $5.

(f) The original owner of a specimen may donate the specimen to a wildlife conservation organization, which may then sell the specimen without a permit for fund raising purposes.

(g) Second and subsequent owners of wildlife parts acquired in accordance with section 2312(c)(1) of the act (relating to buying and selling of game) may sell the parts if included as part of a manufactured or finished product.

(h) Second and subsequent owners of deer hides acquired in accordance with section 2312(c)(1) of the act may buy and sell the deer hides. Deer capes may only be sold by the original owner.

(i) A person violating this section shall be subject to the penalties provided in section 2312 of the act.

§ 147.204. Raptor propagation permits.

(a) Scope. The Director may issue raptor propagation permits to individuals who meet the requirements in 16 U.S.C.A. §§ 703—711 (relating to migratory bird treaty) and 50 CFR 21.30 (relating to raptor propagation permits).
(c) Application for permit. When the Director of the United States Fish and Wildlife Service has approved an application for the issuance of a raptor propa-
gation permit, the approval, along with copies of documents submitted by the applicant, shall be forwarded to the Director for review and approval. If it is determined by the Director that the applicant meets the requirements in 16 U.S.C.A. §§ 703—711 and 50 CFR 21.30, and the issuance of the permit will not adversely affect the wildlife resources of the Commonwealth, a raptor propagation permit may be issued to the applicant.

(d) Permit fee. The permit fee is $100 annually.

(e) Permit period. Permits shall be issued for the time period designated as the fiscal year for the Commonwealth. There is no reduced fee for a permit issued for less than 1 year.

(g) Permit renewal. Application for the renewal shall be made on a form furnished by the Commission. The renewal application, along with the prescribed fee in the form of a check or money order made payable to the Game Commission, shall be forwarded to the Director at least 2 weeks in advance of the expiration date of the existing permit.

§ 147.222. Permits for dog trials on Commission controlled lands.

(a) A request for permission to hold a trial for dogs on lands under the control of the Commission shall be made in writing, at least 30 days in advance of the requested trial date, to the regional office under whose jurisdiction the lands are located.

(b) Upon approval of an applicant’s request, permission to hold a trial may be granted by the issuance of a permit under the signature of the Executive Director or a designee. The permit shall list regulations governing the conduct of the trial and the use of the grounds for those purposes.

(c) A field trial may be held only during the period August 1 to April 30, excepting the regular open season for hunting small game, antlered and antlerless deer. Dates for national or State championship trials may be considered by the regional director during closed periods.

(d) A retriever trial will be permitted between June 1 and October 1 and January 15 until April 30 of each year. Dates for national or State championship trials may be considered by the regional director during closed periods.

(e) An applicant or a designee shall meet with appropriate field officers of the Commission at least 10 days prior to the date of a trial to review the regulations and to assure an understanding of the course location and layout.

(f) A field trial shall be conducted through the use of a predetermined course approved by a Commission representative.

(g) Unless otherwise approved by the Executive Director or a designee, a permittee shall provide temporary, portable headquarters for conducting the trial, including portable toilet facilities. The facilities shall be removed upon conclusion of the event.

(h) A permittee is responsible for the cleanup and removal of litter upon conclusion of the trial.

(i) Horses shall be tethered at a designated area; otherwise pasturing is prohibited. Stable facilities will not be furnished.

(j) Vehicles shall be parked only at a designated area.

(k) Riders on horseback, including officials and gallery, may not exceed 15 persons. Dependent upon ground conditions, the number of riders on horseback may be further restricted.

(l) For the appropriate conduct of the trials, marshals shall be required to keep the gallery in line and on course. Horses with riders may not be permitted outside the marked or otherwise designated trial areas.

(m) The permittee shall be wholly and solely responsible for loss or damage to property, bodily injury or death arising out of an operation conducted and agree to hold harmless the Commission for damage, loss, claims, demands, suits, costs and expenses which may be suffered by the Commission directly or indirectly by reason of the use of these lands by the permittee or its agent.

Subchapter M. EXOTIC WILDLIFE DEALER

Sec.
147.241. Scope.
147.242. Safety.
147.243. Sanitation.
147.244. Housing.
147.245. Acquisition and disposal.
147.246. Health and welfare.
§ 147.241. Scope.

(a) General. This subchapter relates to the housing and care of exotic wildlife, as defined in section 2961 of the act (relating to definitions), and public protection from wildlife which is being held or transported by exotic wildlife dealers.

(b) Confinement. It is unlawful to maintain exotic wildlife in confinement in an unsanitary or unsafe condition, or in a manner which results in maltreatment, mistreatment or neglect. No species of exotic wildlife may be confined in a pen, cage or enclosure which does not meet minimum specifications in this subchapter. An animal may not be chained or tethered, or otherwise impeded from moving freely within an enclosure unless otherwise indicated on the permit.

(c) Housing. Exotic wildlife maintained under section 2962 of the act (relating to exotic wildlife dealer permits) shall be housed in a safe and sanitary manner. Failure to provide sanitary surroundings or failure to adequately protect the public from exotic wildlife is a violation of this subchapter.
(d) **Bill of sale.** It is unlawful for a person to deal in exotic wildlife, except as provided in this subchapter, without a bill of sale or other documentary evidence showing the name and address of the supplier.

(e) **Permit required.** It is unlawful for a dealer to sell exotic wildlife to a person who does not have a permit required in Subchapter N (relating to exotic wildlife possession).

(f) **Permit.** A separate exotic wildlife dealer permit shall be required for each business location or facility.

(g) **Experience required.** A new applicant for an exotic wildlife dealer permit shall provide documentation of at least 2 years experience of hands-on work with the designated species, including care, feeding, handling, training and husbandry. This experience shall be from a recognized/approved facility and the owner, manager or licensee of this facility shall provide a letter of reference.

§ 147.242. Safety.

(a) Cage construction shall be sufficiently strong to contain exotic wildlife and protect the animals from injury from other specimens held. A cage considered unsafe by Commission personnel shall be reconstructed as directed. Reconstruction shall be completed and approved within 10 days after official notification, or before new animals are placed in the cage.

(b) It is unlawful to exhibit exotic wildlife to the public, except a private showing for prospective customers or personal friends.

(c) Exotic wildlife may not be removed from cages or directly exposed to the public.

Authority
The provisions of this § 147.242 issued under the act of June 3, 1937 (P.L. 1225, No. 316) (34 P. S. §§ 1311.101—1311.1502) (Repealed); and 34 Pa.C.S. §§ 101—2965.

§ 147.243. Sanitation.

(a) **Sanitation.** Exotic wildlife maintained under this section shall be kept in a sanitary manner.

(b) **Water.** Clean, fresh water shall be provided daily. Water containers shall be cleaned and disinfected daily.
(c) **Food.** Food shall be kept in a manner to prevent spoilage or contamination.

(d) **Waste.** Fecal and food waste shall be removed from cages and dens daily, and disposed of or stored in a manner to prevent noxious odors or attraction of insects or vermin. Hard floors shall be scrubbed and disinfected, at least weekly. Large pens with dirt floors shall be raked every 3 days, and the waste removed.

(e) **Drainage and pools.** Cages and pens shall be designed to provide adequate drainage of the enclosure. Standing water may not be allowed except in the case of species requiring water for wading, submersing or swimming. Pools provided for exotic wildlife shall be cleaned as often as needed to ensure good water quality.

(f) **General requirements.** Procedures for sanitation, water disposal and proper disposition of feces and other waste material shall be in compliance with the requirements of local, State or Federal authorities.

§ 147.244. Housing.

(a) **Specifications.** Minimum pen specifications and caging requirements for captive exotic wildlife are as follows:

1. A cage or enclosure shall be covered at the top to prevent escape.

2. A cage or enclosure shall be provided with bedding required for the animal’s comfort and to protect them from inclement weather. A suitable shield for protection against the hot rays of the sun shall be provided on outside enclosures. If the natural climate of wildlife held differs from the climate of the area where the dealer’s facility is located, provisions shall be made to adjust holding conditions to natural habitat.

3. A cage shall have a secure locking device and shall be key locked or padlocked.

(b) **Permanent housing.** The following are required when exotic wildlife is held more than 10 days:

1. **Bears.**

   (i) **Number or size.** Single animal.

   (ii) **Cage size.** 25'L by 12'W by 12'H. For a pair, the cage shall be 30'L by 15'W by 12'H.

   (iii) **Accessories.** A pool 6'W by 10'L by 4’ deep is mandatory for polar bears. Either the large pool or a freshwater drinking pool 2'W by 2'L by 18”
deep with facilities for spraying or wetting the animals during hot weather periods is required for other bears.

(2) Lions and tigers.
   (i) Number or size. Single animal.
   (ii) Cage size. 15'L by 10'W by 8'H. For a pair, the cage shall be 20'L by 10'W by 8'H.
   (iii) Accessories. At least two claw logs, one shelf 30"W, 10'L at one end and 40"H off the floor level.

(3) Leopards, jaguars and cougars.
   (i) Number or size. Single animal.
   (ii) Cage size. 10'L by 8'W by 8'H. For a pair, the cage shall be 15'L by 8'W by 8'H.
   (iii) Accessories. At least two claw logs and one shelf 24"W, 8'L and 40"H off the floor level.

(4) Cheetahs.
   (i) Number or size. Up to three animals.
   (ii) Cage size. 40'L by 20'W by 8'H.
   (iii) Accessories. A shelf 30"W by 6'L and 36" off the floor level is required for a single animal. For one pair, lengthen the shelf to 10 feet.

(5) Lesser cats. Bobcats, lynx, serval, caracal, ocelots and the like.
   (i) Number or size. Single animal.
   (ii) Cage size. 8'L by 4'W by 6'H. For each additional animal, increase cage length by 2 feet.
   (iii) Accessories. At least two claw logs and a shelf 14"W by 4'L and 36" off the floor level are required. A den or retreat area is also required.

(6) Geoffroy’s cats, leopard cats, margay and other wild cats up to 10 pounds adult weight.
   (i) Number or size. Single animal.
   (ii) Cage size. 4'L by 4'W by 6'H. For each additional animal, increase cage length by 1 foot.
   (iii) Accessories. At least two claw logs and one shelf 6"W by 3'L and 36" off the floor level are required. A den or retreat area is also required.

(7) Foxes, jackals and the like.
   (i) Number or size. One pair.
   (ii) Cage size. 8'L by 4'W by 6'H.
   (iii) Accessories. One shelf 18"W by 4'L and 36" off the floor level is required in addition to a den or retreat area.

(8) Coyotes, cape hunting dogs, dingos and the like.
   (i) Number or size. Single animal.
   (ii) Cage size. 10'L by 8'W by 6'H. For each additional animal, increase cage length by 10 feet.
   (iii) Accessories. A secluded den area that is 4’W by 4’L for a single animal is required. Add 3 feet in length for each additional animal.
(9) Wolves, hyenas.
   (i) **Number or size.** Single animal.
   (ii) **Cage size.** 15’L by 8’W by 6’H. For a pair, double the cage length. For each additional animal after two, add 10 feet to the cage length.
   (iii) **Accessories.** A secluded den area 4’W by 4’L is required for a single animal. Add 3 feet in length for each additional animal.

(c) **Temporary housing.** Required when exotic wildlife is held 10 days or less.
   (1) **Number or size.** Single animal.
   (2) **Cage size.** Cage length shall be at least double the animal’s body length, excluding tail. Cage width shall equal or exceed body length. Cage height shall extend at least 2 feet above the standing animal’s head to ensure proper ventilation. For two or more animals kept together, add 1/3 more cage length for each additional animal.
   (3) **Accessories.** The cage shall be constructed of steel or case-hardened aluminum. The cage shall have a secure locking device and shall be key locked or padlocked. The cage shall be well ventilated.

(d) **Traveling cage.** A traveling cage shall be used only in the actual transportation of exotic wildlife.
   (1) **Number or size.** Single animal.
   (2) **Cage size.** The size of traveling cages for wildlife in transit shall be as follows: the animal shall be able to turn around and stand up on all fours with head clearance.
   (3) **Accessories.** The cage shall be constructed of steel or case-hardened aluminum with one solid side or portable divider panel so that no animal can harm another. A steel floor with wood surface suitable for drainage of urine is necessary. A cage shall have a secure locking device and shall be key locked or padlocked. The cage shall be well ventilated. A cage exposed directly to the public shall be constructed of steel or alloy bars no more than 1 1/2 inches apart.
   (4) **Ventilation.** Exotic wildlife shall travel in air conditioned or well ventilated vehicles that may be adjusted to weather conditions. Animals shall be provided fresh water while in transit twice in 24 hours and be fed at least once every 24 hours.

§ 147.261. Scope.
(a) General. This subchapter relates to the housing and care of exotic wildlife, and public protection from exotic wildlife held or transported by a person under the act or this part.

147-29

(296693) No. 343 Jun. 03
Confinement. It is unlawful to maintain exotic wildlife, in confinement, in unsanitary or unsafe condition, or in a manner which results in maltreatment, mistreatment or neglect. No exotic wildlife may be confined in a pen, cage or enclosure which does not meet the minimum pen specifications in this subchapter. An animal may not be chained or tethered, or otherwise impeded from moving freely within a cage or enclosure unless otherwise indicated on the permit.

Housing. Exotic wildlife shall be housed in a safe and sanitary manner. Failure to provide sanitary surroundings for exotic wildlife or failure to adequately protect the public from exotic wildlife possessed under the act and this subchapter is a violation of this subchapter.

Bill of sale. It is unlawful for a person to possess exotic wildlife, except as provided in this subchapter, without having a bill of sale or other documentary evidence showing the name and address of the supplier of the exotic wildlife.

Permit. A separate exotic wildlife possession permit is required for each animal.

Experience required. A new applicant for an exotic wildlife possession permit shall provide documentation of at least 2 years experience of hands-on work with the designated species, including care, feeding, handling, training and husbandry. This experience shall be from a recognized/approved facility and the owner, manager or licensee of this facility shall provide a letter of reference.

147.286. Acquisition and disposal.
147.287. Health and welfare.

147-30
§ 147.281. Scope.

(a) General and definitions. This subchapter relates to safeguards for public safety, humane care and treatment, adequate housing and nutrition, sanitation, safety, acquisition and disposal of wildlife and exotic wildlife held as part of a menagerie under the act or this part. Definitions contained in section 2961 of the act (relating to definitions) apply to this subchapter.

(b) Confinement. It is unlawful to maintain wildlife, in confinement, in an unsanitary or unsafe condition or in a manner which results in maltreatment, mistreatment or neglect. No wildlife may be confined in a pen, cage or enclosure which does not meet minimum pen specifications in this subchapter. An animal may not be chained or tethered, or otherwise impeded from moving freely within a cage or enclosure unless otherwise indicated on the permit.

(c) Housing. Wildlife maintained under section 2964 of the act (relating to menagerie permits) shall be housed in a safe and sanitary manner. Failure to provide sanitary surroundings for wildlife, or failure to adequately protect the public from wildlife possessed under this subchapter is a violation.

(d) Bill of sale. It is unlawful for a person to possess wildlife, for the purpose of exhibition, except as provided in this subchapter, without having a bill of sale or other documentary evidence showing the name and address of the supplier of the wildlife.

(e) Permit. The menagerie permit shall be produced upon demand of an officer of the Commission.

(f) Citizenship. Menagerie permits may be issued to a person who is a citizen of the United States.

(g) Experience required. A new applicant for a menagerie permit shall provide documentation of at least 2 years experience of hands-on work with the designated species, including care, feeding, handling, training and husbandry. This experience shall be from a recognized/approved facility and the owner, manager or licensee of this facility shall provide a letter of reference.

Reconstruction shall be completed and approved within 30 days after official notification from the Commission.

(b) Except as provided in subsections (c) and (d), wildlife may not be removed from cages or directly exposed to the public. Safety barriers shall be present to adequately prevent wildlife from touching, grasping or biting visitors. Barriers, such as walls, fences, moats, retaining rails and other necessary devices shall be present to prevent the public from approaching the cages, pens, enclosures or areas near enough to contact the wildlife.

(c) Public human contact with the following designated animals is permitted under the specified conditions:

1. Ruminant animals.
2. Organ grinder monkeys, trained performing chimpanzees and elephants if under the immediate control of the handler to preclude danger to the public.
3. Wildlife other than members of the families Ursidae, Felidae and wild Canidae when exhibited on a stage or in an arena, may be removed from their cage by the exhibitor in a manner precluding danger to the public. Other human contact with the wildlife is prohibited.

(C) Accessories: A den is required.

(5) Marsupials and others.
(i) Kangaroos. Large wallaby, walleroo, and the like.
   (A) Number or size: Single animal.
   (B) Cage size: 20’L by 12’W by 8’H. For each additional animal add 25% surface area to cage.
   (C) Accessories: A refuge area and shade are required. The ideal situation is an open paddock. If surface is of an artificial material, it shall be a nonskid surface.
(ii) Small wallaby.
   (A) Number or size: One to two animals.
   (B) Cage size: 12’L by 4’W by 6’H. Each additional animal requires a 25% increase in surface area.
   (C) Accessories: Refuge area and shade are required. If surface is of an artificial material, it shall be a nonskid surface.
(iii) Hedgehogs.
   (A) Number or size: One to two animals.
   (B) Cage size: 2’L by 2’W by 2’H.
   (C) Accessories: Cage shall be constructed with a dirt floor over a wire bottom.
(iv) Armadillos.
   (A) Number or size: Single animal.
   (B) Cage size: A 6-foot circular cage—if not circular, the cage shall have the same area with rounded corners having a minimum radius of 2 feet. Add 2 feet in diameter for each additional animal.
   (C) Accessories: The cage shall be constructed with a dirt floor over a wire bottom.

(6) Odd- and even-toed animals, ostriches and other large running birds.
(i) Large-sized. Zebras, elk, giraffes, asses, wildebeests, camels, elands, buffaloes, bison, and the like.
   (A) Number or size: Single animal.
   (B) Cage size: 1,000 square foot paddock or corral. Each additional animal requires 25% more area.
   (C) Accessories: Barn or shaded or protected area attached to or adjoining the paddock or corral.
(ii) Medium-sized. Ostriches, whitetailed deer, fallow deer, llamas, aoudads, wild goats and sheep-type animals, emus, cassowarys and rheas.
   (A) Number or size: Single animal.
   (B) Cage size: 500 square foot paddock or corral. Increase horizontal dimensions by 25% for each additional animal.
   (C) Accessories: A shelter is required.
(iii) **Small-sized.** Dikdiks, small gazelles, peccary.
   (A) Number or size: Single animal.
   (B) Cage size: 300 square foot paddock or corral. Increase horizontal dimension by 25% for each additional animal.
   (C) Accessories: A shelter is required.

(iv) **Rhinoceros.**
   (A) Number or size: Single animal.
   (B) Cage size: 1,500 square foot paddock or corral is required. Each additional animal requires 50% increase in horizontal dimension.
   (C) Accessories: A heated barn or shelter and shade are required.

(v) **Elephants.**
   (A) Number or size: Single animal.
   (B) Cage size: 1,500 square foot paddock or corral. Whether chained or unchained, each animal shall be able to utilize the entire 1,500 square foot area. Each additional animal requires a 50% increase in horizontal dimension.
   (C) Accessories: A heated barn or shelter and shade are required.

(vi) **Hippopotamus.** Nile.
   (A) Number or size: Single animal.
   (B) Cage size: 600 square foot plus 300 square foot pool.
   (C) Accessories: 300 square foot nonskid ramped pool with a 5-foot depth. Each additional animal requires a 25% increase in pool and land area.

(7) **Birds.**
   (i) **General requirements.** Enclosures for flying birds shall either be small enough to inhibit flying altogether or large enough to permit aerial maneuvering within the enclosure. An enclosure not sufficiently large may result in injuries from birds flying into the side of the enclosure. Raptors and members of the parrot family may be caged in conformity with this subparagraph or securely tethered to a suitable perch in a manner to preclude danger to the public.

   (ii) **Parrot-type.** Macaws, large cockatoos.
   (A) Number or size: Single specimen.
   (B) Cage size: Adequate room for turning and sitting on a perch without touching its tail against sides or bottom of cage is required.
   (C) Accessories: Suitable perch that is large enough so that the claws do not meet on the underside.

   (iii) **Medium-sized parrots.** Small cockatoos, yellow-heads, grays, Amazons.
   (A) Number or size: Up to two specimens.
   (B) Cage size: 18"L by 18"W by 24"H.
   (C) Accessories: One suitable perch per bird; diameter of perch shall be large enough so that claws do not meet on the underside.

(202847) No. 253 Dec. 95
(iv) **Small parrots.** Lovebirds, parakeets, and the like.
   (A) Number or size: One or two birds.
   (B) Cage size: 12"L by 24"W by 10"H. Community cages shall provide flight space.
   (C) Accessories: One or more suitable perches—diameter shall be large enough so that claws do not meet on the underside.

(v) **Waterfowl.**
   (A) Number or size: Not more than two pairs of adults or one pair with offspring of the year.
   (B) Cage size: 100 square feet of area with 25% consisting of water area.

(vi) **Eagles, hawks, owls, vultures, toucans and toucanets.**
   (A) Number or size: Single bird.
   (B) Cage size: Cage shall be wide enough for the bird to spread its wings and fly-hop from floor to perch. Width shall be two times greater than wingspread. Perch to ground shall be twice as long as its body. Length of cage shall be five times the body length. Increase cage size 50% in length and 25% in width for each additional bird.
   (C) Accessories: At least one suitable perch per bird—the diameter of the perch shall be large enough that talons do not meet on the underside. For large birds of prey, a stump high enough that when a bird is perched, the tail feathers are 6 inches off the floor. Roof of the cage shall be of sufficient height to permit the bird to rest erect on the perches.

(vii) **Wild turkeys, peafowl and curassows.**
   (A) Number or size: One to three birds.
   (B) Cage size: 144 square feet of horizontal space. Male peafowl shall have adequate turning room for its tail. Enclosures shall be at least 6 feet high.
   (C) Accessories: The cage shall have at least one roost perch approximately 4 feet from the floor.

(viii) **Lesser game birds, pheasants, and the like.**
   (A) Number or size: One to five birds.
   (B) Cage size: One hundred square feet of horizontal space. Enclosures shall be at least 6 feet high. Each additional bird requires an additional 20 square feet.
   (C) Accessories: At least one roost perch approximately 30 inches from the floor.

(ix) **Community groups of finches and seedeaters.**
   (A) Number or size: Community group of 25 or less.
   (B) Cage size: 4’W by 8’L by 8’H.

(x) **Medium-sized flight birds. Jays, starlings, doves, pigeons, and the like.**
   (A) Number or size: One to two birds.
(B) Cage size: 3’L by 2’W by 5’H. For a community group the cage shall be large enough to allow flying and be at least 8 feet in diameter. The birds may be kept in a parrot-style cage.

(xi) Wading birds. Flamingos, ibises, spoonbills, herons, egrets, and the like.

(A) Number or size: One to five birds.
(B) Cage size: 144 square feet of horizontal space. Birds in open, fenced areas shall be pinioned.
(C) Accessories: Shallow pools for wading plus dry land areas.

(xii) Storks and cranes.

(A) Number or size: One pair.
(B) Cage size: 144 square feet of horizontal space.

(xiii) Pelicans, cormorants and swans.

(A) Number or size: Two birds.
(B) Cage size: 144 square feet of horizontal space. Fifty percent of the area shall be water at least 18 inches deep. Add 25% more area in land and pool for each additional bird.
(C) Accessories: Pool is required.

(xiv) Penguins.

(A) Number or size: One pair.
(B) Cage size: 100 square feet of horizontal space of which 50% is water at least 36 inches deep. Add 10% area in water and land for each additional bird.
(C) Accessories: Water shall be cooled to 55° Fahrenheit and be flowing. Chilled waters are not required for Humboldt’s penguins.

(8) Traveling wildlife.

(i) Large cats. Lions, tigers, jaguars, leopards, pumas and hybrids.

(A) Number or size: Single animal.
(B) Cage size: The size of traveling cages for wildlife on the road shall be as follows: animals shall be able to turn around and stand up on all fours with head clearance.

(C) Accessories: The cage shall be constructed of steel or case-hardened aluminum with one solid side or portable divider panel so that no animal can harm another. A steel floor with wood surface suitable for drainage of urine is necessary. A cage shall have a secure locking device and shall be key locked or padlocked. A cage shall be well ventilated. A cage exposed directly to the public shall be constructed of steel or alloy bars no more than 1-1/2 inch apart.

(ii) Bears and hyenas.

(A) Number or size: Single animal.
(B) Cage size: The animal shall be able to turn around and stand up on all fours with head clearance.
(C) Accessories: The cage shall be constructed of steel or case-hardened aluminum with one solid side or portable divider panel so that no animal can harm another. A steel floor suitable for drainage of urine is necessary. A cage shall be well ventilated. A cage exposed directly to the public shall be constructed of steel or alloy bars no more than 1-1/2 inch apart.

(iii) Primates.
   (A) Number or size: Single animal.
   (B) Cage size: Primates shall be able to stand up and turn around.
   (C) Accessories: The cage shall be constructed of steel bars no more than 1 inch apart and sufficiently well constructed to be escape proof. Padlocks shall be used at the top and bottom of door.

(iv) Elephants.
   (A) Number or size: Single animal.
   (B) Cage size: While on the road, elephants shall be chained by front and back legs.

(v) Other wildlife. Other traveling wildlife shall be transported in cages large enough to permit the wildlife to stand up and turn around.

(vi) General. Traveling wild animals shall travel in air conditioned or well-ventilated vehicles that may be adjusted to weather conditions. Animals shall be provided with fresh water while in transit twice in 24 hours and be fed at least once every 24 hours.

(9) Temporary housing. Wildlife may be housed for a period of not more than 10 consecutive days at the same location in cages meeting the minimum size specifications in subparagraphs (i)—(viii). If wildlife is displayed for more than 10 consecutive days at the same location, the wildlife shall be placed in cages meeting minimum size specifications in paragraphs (1)—(8). The minimum size specifications for temporary housing are as follows:

(i) Large carnivores. Lions, tigers, jaguars, leopards, pumas, wolves, bears and hybrid cats.
   (A) Number or size: Single animal.
   (B) Cage size: Cage length shall be at least double the body length—excluding tail—of the animal. Cage width shall equal or exceed body length. Cage height shall extend at least 2 feet above the standing animal’s head to ensure proper ventilation. For two or more animals kept together, add 1/3 more cage length for each additional animal.

(ii) Large primates. Gorillas.
   (A) Number or size: Single animal.
   (B) Cage size: 8’W by 8’L. Height shall extend at least 2 feet over the standing height of the animal.
   (C) Accessories. Overhead pull bar and seat.

(iii) Adult orangutan.
   (A) Number or size: Single animal.
(B) Cage size: 7’W by 7’L. Height shall extend at least 2 feet over standing height of the animal.
(C) Accessories: The cage shall be equipped with overhead pull bar and seat.
(iv) *Adult chimpanzee.*
   (A) Number or size: Single animal.
   (B) Cage size: 6-1/2’W by 6-1/2’L. Height shall extend at least 2 feet over standing height of the animal.
   (C) Accessories: The cage shall be equipped with overhead pull bar and seat.
(v) *Young chimpanzee.* Up to 50 pounds.
   (A) Number or size: Single animal.
   (B) Cage size: 5’W by 5’L. Height shall extend at least 2 feet over standing height of the animal.
   (C) Accessories: The cage shall be equipped with overhead pull bar and seat.
(vi) *Macaques.*
   (A) Number or size: Single animal.
   (B) Cage size: 5’W by 5’L. Height shall extend at least 2 feet over standing height of animal.
   (C) Accessories: The cage shall be equipped with overhead pull bar and seat.
(vii) *Primates—general.* Cages shall be well ventilated and have secure locking devices. Cages exposed directly to the public shall be constructed of steel or alloy bars not more than 1 inch apart.
(viii) *Other wildlife.* Cage length shall be at least double the body length—excluding tail—of the animal. Cage width shall equal or exceed body length. Cage height shall extend at least 1 foot above the standing animal’s head. For two or more animals kept together, add 1/3 more cage length for each additional animal.

§ 147.302. General.
(a) The Director may issue a permit to an individual who meets the requirements of 34 Pa.C.S. § 2901(a) (relating to authority to issue permits) and this subchapter for the purpose of wildlife rehabilitation, wildlife capture and transportation, and educational use of rehabilitation wildlife.

(1) A rehabilitation permittee may receive and possess wildlife for care and rehabilitation.

(2) A capture and transportation permittee may capture or receive injured or displaced wildlife for transportation to a wildlife rehabilitator.

(3) Educational use of rehabilitation wildlife permittees may utilize specified nonreleasable wildlife for educational programs or exhibits.

(4) A rehabilitation assistant may be appointed by each wildlife rehabilitator to provide care for wildlife as necessary within the established limits for each class of permit.
(5) Permitted wildlife rehabilitators may use unlicensed volunteers under their supervision, at their facility, provided that they maintain current records including name, address and phone number.

(b) A licensed veterinarian may accept injured wildlife for emergency treatment without a permit, if the wildlife is not held for more than 48 hours before contacting the Commission or a wildlife rehabilitator. Wildlife shall be transferred to a properly permitted rehabilitator as soon as specialized veterinarian care is not required. This period may be extended by the district wildlife conservation officer if necessary for completion of the emergency treatment.

(c) Rehabilitated wildlife shall be returned to the wild as soon as feasible at a suitable location agreed upon by the wildlife conservation officer having jurisdiction facility location.

(d) Releasable wildlife may not be intentionally tamed or kept longer than necessary for restoration of its health.

(e) Except as provided in subsections (f) and (g), wildlife may not be kept alive when it becomes evident that rehabilitation and release is impossible.

(f) Nonreleasable wildlife, which visibly appears to be in good condition, may be held by authority of an educational use of rehabilitation wildlife permit or transferred to a zoological park or garden which is open to the public or to the holder of a wildlife menagerie permit. Raptors may additionally be transferred to holders of falconry or raptor propagation permits. A wildlife transfer permit, available from the Bureau of Wildlife Protection, shall be obtained for each specimen prior to any transaction.

(g) Nonreleasable wildlife may be held, with the approval of the Bureau of Wildlife Protection, for cross-fostering purposes.

(h) Wildlife may be transferred to other rehabilitation permittees within this Commonwealth if better care is required and facilities are available.

(i) Wildlife may be transferred to or from properly permitted facilities outside of this Commonwealth only upon issuance of a wildlife importation or exportation permit by the Bureau of Wildlife Protection.

(j) Wildlife which is terminated shall be surrendered to the Commission as required, or disposed of in an appropriate manner.

(k) Records shall be kept by the permittee on forms supplied by the Commission and a copy shall be submitted annually with the application for permit renewal by July 30.

(1) A wildlife rehabilitation facility and its records shall be available for inspection by an officer of the Commission at any reasonable hour. These officers may remove wildlife from the custody of the permittee if it is deemed necessary for the welfare of the wildlife. During an inspection, members of the Council may accompany these officers to act in an advisory capacity.

(1) Caging. Cages used for the rehabilitation of wildlife must be of adequate size, design and strength to provide for the good health, comfort and secure containment of the animal.
(2) Sanitation. Wildlife held under this subchapter shall be kept in a sanitary manner consistent with the standards in § 147.283 (relating to sanitation).

(3) RVS. RVS shall be housed in a manner to prevent escape of the animal and exposure to people, pets, livestock and other captive or free-ranging wildlife. Exterior caging must be locked and improved by double fencing or solid wall barrier of adequate design and strength to ensure proper containment and exclusion of animals. RVS may not be removed from their containment except for their treatment, destruction, release or maintenance of the facility.

(m) The Director may restrict the rehabilitation of certain species of wildlife, either Statewide or in specific areas as required, due to disease, over-population or other limiting factors.

(n) The Commission, its employes, the Council or the Council members will not be responsible for costs involved in the treatment of wildlife unless specifically agreed to in writing.

(o) The renewal of a permit is contingent upon the permittee’s compliance with relevant State and Federal statutes and this subchapter. Failure to comply with one or more conditions of the permit or this subchapter will be sufficient cause for recall of permit.

(p) A permitted wildlife rehabilitation facility shall be active and open to receive wildlife from the public and the Commission, unless the facility has either exceeded its capacity or otherwise provided the Commission with reasonable justification for inactivity or closure. An inactive or closure period deemed unreasonable may result in suspension, denial or recall of permit privileges.

(q) As of January 1, 2009, a new wildlife rehabilitator may not possess a menagerie, propagation, exotic wildlife possession or exotic wildlife dealer permit.

§ 147.303. Permit applications.

(a) Written application shall be made to the Director through the wildlife conservation officer in charge of the district in which the rehabilitation facilities are to be established.

(b) Each application must include the following:

(1) The name, address, telephone number and date of birth of the applicant.

(2) The location of the proposed facilities, which shall include the address, township or borough, and county.
(3) Related educational background.

(4) Experience and training.

(5) The permit type desired. (Capture and transportation, wildlife rehabilitation or educational use of rehabilitation wildlife).

(6) The type of wildlife. (Mammals, nonraptor avian species, raptors of all species).

(7) The permit class. (Novice or general—wildlife rehabilitation only).

(8) A letter from a sponsoring wildlife rehabilitator. The letter must include the name, address and permit number of the sponsoring wildlife rehabilitator. (Capture and transportation and novice wildlife rehabilitation permits only).

(9) A letter from a sponsoring veterinarian. The letter must include the name and address of the veterinarian who will be assisting and advising the applicant (required for wildlife rehabilitation permit only).

(c) A wildlife rehabilitator whose permit lapses for 2 or more years shall apply as a new applicant.

(d) A wildlife rehabilitator whose permit was recalled shall be ineligible for reapplication for a minimum period of 2 years and shall be required to retest.

§ 147.304. Wildlife rehabilitation permits.

(a) Wildlife rehabilitation permits. Wildlife rehabilitation permits will be limited as follows:

(1) A maximum of two permits, including all classes, covering all species may be issued for each county with the following exceptions:

(i) The estimated population of the county exceeds 300,000.

(ii) The land area of the county exceeds 1,000 square miles.

(iii) Unusual circumstances exist which create a specific recommendation from the Council for an increase in the limitation.

(iv) Due to the issuance of permits which limit rehabilitation to specific types of wildlife (mammals, nonraptor avian species or raptors), the number of permits issued would not exceed two of any specific species listed in this subparagraph, unless excepted by subparagraph (i), (ii) or (iii).

(2) Permit limits for counties excepted in subsection (a) may be increased as follows:

(i) One permit for each additional 300,000 in the estimated population.

(ii) One permit where land area exceeds 1,000 square miles.
(iii) One permit for unusual circumstances, when specifically recom-
mended by the Council.

(3) Exceptions will be recommended by the Council and approved by the
Bureau of Wildlife Protection.

(b) Novice class wildlife rehabilitation permits.

(1) Qualifications.

(i) New applicants shall successfully pass a supervised examination-
with a minimum score of 80%.

(ii) The applicant shall appear for and successfully pass an oral
examination/interview which shall be conducted by members of the Council
and the Bureau of Wildlife Protection. The applicant shall submit photo-
graphs or videotape with commentary of their facility for review.

(2) Permit conditions.

(i) The permittee shall have facilities established which are adequate
for the proper care and rehabilitation of the wildlife types listed on the per-
mit. These facilities shall be inspected and approved by the district wildlife
conservation officer prior to accepting wildlife for rehabilitation.

(ii) The permittee may not hold endangered or threatened species for
rehabilitation. An endangered or threatened species received shall immedi-
ately be transferred to the nearest properly permitted wildlife rehabilitator.

(iii) Educational use of rehabilitation wildlife permits will not be issued
to novice wildlife rehabilitators unless specifically recommended by the
Council and approved by the Bureau of Wildlife Protection.

(iv) A novice wildlife rehabilitator may list no more than five capture
and transportation permittees on its permits.

(v) A novice wildlife rehabilitator may appoint no more than five
responsible individuals to assist in providing food and housing for wildlife
being rehabilitated. It is the permittee’s responsibility to notify the Bureau of
Wildlife Protection in writing of the names, addresses and telephone numbers
of the appointees and necessary changes as they occur.

(vi) A novice wildlife rehabilitator shall only renew his permit for 1 per-
mit year at a time.

(vii) A novice wildlife rehabilitator may only remain as a novice for a
period not to exceed 2 years. After the second year is reached, the permit will
be voided and game or wildlife held under that permit shall be removed and
relocated to another permitted facility, unless the novice has applied for an
upgrade or as otherwise directed by the Director.

(viii) A novice wildlife rehabilitator shall have outside conditioning or
prerelase cages established before an upgrade to a general class will be
approved.

(ix) A novice wildlife rehabilitator request for upgrade to the class of
general shall be reviewed and considered during the month of April only.

(c) General class wildlife rehabilitation permits.
§ 147.304. Wildlife rehabilitation permits.

(1) Qualifications.

(i) The applicant shall have actively rehabilitated wildlife for a minimum of 2 years as a novice wildlife rehabilitator or equivalent experience approved by the Council and the Bureau of Wildlife Protection.

(ii) Submit photographs or videotape with commentary of the permittee’s facility to the Bureau of Law Enforcement for review by the Council.

(iii) The applicant shall appear for and successfully pass an oral examination/interview conducted by members of the Council and the Bureau of Wildlife Protection. The applicant shall also submit photographs or videotape with commentary of his facility for review.

(2) Permit conditions.

(i) A permittee claiming equivalent experience under qualifications may not accept wildlife for rehabilitation prior to a facility’s inspection and approval by the district wildlife conservation officer.

(ii) A permittee may accept endangered, threatened or RVS for rehabilitation following proper additional certification under § 147.306 (relating to endangered, threatened RVS certification).

(iii) A general class wildlife rehabilitator may list no more than ten capture and transportation permittees in its permit.

(iv) A general class wildlife rehabilitator may appoint no more than ten responsible individuals to assist in providing food and housing for wildlife being rehabilitated, with the exception of endangered or threatened species. It shall be the permittee’s responsibility to notify the Bureau of Wildlife Protection in writing of the names, addresses and telephone numbers of the appointees and necessary changes as they occur.

(v) Additional capture and transportation permittees and assistants may be listed, only with the advance approval of the Council and the Bureau of Wildlife Protection. A request must be in writing with justification for an increase.

§ 147.322. Application for deer control permit.
(a) An application for a deer control permit shall be completed and submitted by an authorized officer or employee of the political subdivision, homeowners association or nonprofit land-holding organization in the form and manner required by the Director.
(b) An application for a deer control permit must contain the following information:
   (1) Description. A comprehensive description of the background and scope of the white-tailed deer population or damage problem, or both. The description must include a report of all alternative solutions or other steps taken by the applicant to mitigate the white-tailed deer population or damage problem, or both, prior to application for this permit and must specifically define how licensed public hunting for white-tailed deer has been utilized in the problem area and what results hunting activities have had on the population or damage problem, or both.
   (2) Deer management plan. A comprehensive deer management plan which sets forth the applicant's white-tailed deer management goals, recom-
mended implementation plan and a reference to the specific number of animals sought to be removed. The applicant shall specifically define how licensed public hunting for white-tailed deer will be utilized in the problem area during the term of the requested deer control permit.

(3) **Map.**
   
   (i) A map or set of maps showing the proposed project area and its boundaries and clearly illustrating all of the following distinct features and areas within the proposed project area:
   
   (A) Land uses.
   (B) Cover types.
   (C) Areas open to public hunting for white-tailed deer.
   (D) Areas damaged by white-tailed deer.
   (E) Areas of white-tailed deer congregation.
   (F) Applicable safety zones.
   (G) Proposed white-tailed deer control areas.

   (ii) The map must indicate the individual acreage values for each of the listed features and acres.

   (c) Public land within the proposed boundaries shall be open to lawful public hunting unless otherwise prohibited under this title or as otherwise authorized or waived by the Director. Private land within the proposed boundaries may be closed to public hunting at the landowner’s discretion. However, if closed, deer control activities may not occur thereon.

   (d) For the purposes of this section, the term “public hunting” shall be defined as hunting opportunity that is available, in whole or in part, to members of the general public, but shall not include hunting opportunity that is afforded to an individual or class of individuals solely by virtue of their public employment.

§ 147.553. Permit.
The deer control permit authorizes the permittee to enlist the aid of a limited number of subpermits. The maximum number of subpermits issued will be no more than one for every 5 acres of land that is under cultivation unless the wildlife conservation officer recommends an increase in the number due to warranted circumstances.

(1) Validity. The permit is valid from February 1 to September 28 each calendar year, excluding Sundays, during legal hunting hours as set forth in § 141.4 and Chapter 141, Appendix G (relating to hunting hours).
(2) Exceptions. The permit is not valid from May 16 to June 30 during peak fawning season.
(3) Posting. Except in wildlife management units 5C and 5D, deer control permit signs provided by the Commission shall be conspicuously posted on the boundary of and along all public roadways traversing the property by the landowner/cooperator on all contiguous acres of the farm under agreement. Posting shall be completed prior to February 1.

§ 147.554. Subpermit.

The permittee may acquire from the Commission subpermits, not to exceed the number provided for in § 147.553 (relating to permit) to be issued to qualified individuals of the permittee's choosing for the purpose of removing deer from the permittee's property by shooting. There is no fee charged for the subpermit. Qualifications are as follows:

1. A subpermit will only be issued to residents of this Commonwealth who possess a valid resident hunting license or qualify for license and fee exemptions under section 2706 of the act (relating to resident license and fee exemptions).

2. A person issued a subpermit will be required to wear a minimum of 250 square inches of daylight fluorescent orange-colored material on the head, chest and back combined so it is visible in a 360° arc when involved in taking deer under this subchapter.

3. A permittee may not issue more than one subpermit to a person to take deer on the permittee's land enrolled in the Agricultural Deer Control Program, except in wildlife management units 5C and 5D, where a permittee may not issue more than two subpermits to a person.

4. Each deer taken under the permit shall be tagged with a tag provided by the Commission.

5. Each person issued a subpermit shall report each deer taken to the permittee.

6. Deer taken under the permit may be utilized by the person with the subpermit or donated to a valid food bank.

7. Unused subpermits shall be returned to the district wildlife conservation officer within 5 days of the expiration of the permit.

§ 147.558a. Political subdivisions as applicants.
(a) Eligibility. Political subdivisions are authorized to apply for an agricultural deer control permit under this subchapter for the limited purpose of managing the agricultural deer control activities occurring on a conglomeration of separate, but otherwise individually eligible properties located within the jurisdictional boundaries of the political subdivision. Any lands, other than those publicly owned, which lie immediately adjacent to and are connected with otherwise individually eligible lands may be included in the conglomeration of properties with the written consent of the owner or lessee thereof.

(b) Application. Political subdivisions applying for an agricultural deer control permit are responsible for the collection and submission of the application records required under § 147.552 (relating to application) for each of the properties included in the conglomeration.

(c) Management. Political subdivision permittees shall manage the distribution of agricultural deer control subpermits to qualified individuals in accordance with the eligibility criteria and quota limitations in §§ 147.553 and 147.554 (relating to permit; and subpermit). Political subdivision permittees shall appoint an officer or employee of the political subdivision to manage the permit activities and serve as a point of contact for affected land owners and the Commission.
(d) Reporting. Political subdivision permittees are responsible for the collection and submission of reporting records required under § 147.557 (relating to reporting of deer taken) for each of the properties included in the conglomeration.

§ 147.662. Application.
(a) Application for the deer control permit shall be made through the district wildlife conservation officer on a form provided by the Commission.

(b) Applications will only be accepted from persons who have been enrolled in the Commission’s Forest Game Program for at least two hunting seasons immediately preceding their applications; or from persons who have been enrolled in one of the other Commission public access programs (Farm Game Project or Safety Zone - P.1-2-3) for a minimum of 2 years and are currently enrolled in the Program. Applications will also be made available to Managers of
Department of Conservation and Natural Resources Lands and Allegheny National Forest Lands, which are open to public deer hunting.

(c) An application for a deer control permit shall contain the following information:

(1) A copy of a deed, lease or legal agreement showing the applicant to be the owner or have control, or both, of the land to be permitted shall accompany the application.

(2) A complete map showing the boundaries of the entire property and the location and boundaries of the fenced exclosure being considered.
(3) A statement from the applicant that the land within the exclosure is being managed on a sustained yield basis as defined in § 131.2 (relating to definitions).

(4) The names of all individuals who may act under authority of this permit.

(5) Certification that the fence will be properly maintained to exclude deer, as designed and intended, for the full length of the permit period.

§ 147.663. Fencing.
Fences shall be inspected and approved by a Commission officer as part of the application.

(1) The fence shall form a complete exclosure. Buildings may form a part of the exclosure provided there are no gaps.

(2) The fence shall be constructed of woven wire according to the design and specifications approved by the Director, or high tensile electrified wire at least 5 feet high. Woven wire fencing may not have openings larger than 6 inches square. Individual wires on electrified fencing may not be spaced greater than 10 inches apart. Other designs of barrier-type fencing exclosures may be acceptable if the Commission is satisfied the design will exclude deer. Fences constructed after April 4, 2000, shall be woven wire as described in this paragraph to be eligible for a deer control forestry permit.

(3) The Commission officer will examine the entire perimeter of the exclosure. If the basic design of the fence, or its state of maintenance, is such that deer can enter the exclosure, the Commission officer will not approve the permit.

(4) Gates shall be closed except during actual times of ingress and egress.

(5) The applicant shall have made a reasonable effort to drive deer from the exclosure.

(6) There shall be a reasonable number of hunter access points along the exclosure. “Reasonable” means a minimum of one point for every 4,000 feet of fenceline or part thereof. Gates used as hunter access points shall have a self-closing mechanism.

§ 147.664. Permit.

(a) The deer control permit is subject to annual renewal and shall authorize the permittee or the permittee’s legitimate employes to remove deer from the enclosed property by shooting:

(1) Any time between February 1 and September 30, outside the established deer hunting seasons as set by the Commission in § 139.4 (relating to seasons and bag limits for the license year).

(2) With any lawful firearm for big game as described in section 2322 (a) of the act (relating to prohibited devices and methods).

(3) At any time of the day or night with, or without, an artificial light.

(b) The appropriate Commission regional office shall be notified of the date and time of anticipated deer removal.

(c) Deer killed shall be reported to the appropriate Commission regional office immediately after killing.

(d) For the purposes of this section, “legitimate employe” means an employe of record, one for which the employer deducts taxes or other fees required by any local, state or Federal government and is listed on the permit.

(e) A copy of the permit shall be carried by an authorized person when engaged in activities described and presented upon request of an officer of the Commission or person empowered to enforce the act or this part.

The following words and terms, when used in this section and §§ 147.671 and 147.673—147.676, have the following meanings unless the context clearly indicates otherwise:

Coupon—The coupon issued by the Commission to approved DMAP areas entitling the holder to one DMAP harvest permit for the DMAP area indicated on the coupon.

DMAP—Deer Management Assistance Program.

DMAP harvest permit—The numbered permit which is issued through the Commission’s PALS, authorizing the holder thereof to hunt antlerless deer in a specific DMAP area in accordance with provisions in the act and this part as they pertain to lawfully hunting deer. Each DMAP harvest permit has its own antlerless deer ear tag attached to be used only for tagging an antlerless deer harvested.
Hunting club—A corporation or legal cooperative which owns its enrolled acres in fee title, was established prior to January 1, 2000, and has provided its club charter and list of current members to the Commission.

Private land—Land not defined as public land where the hunting rights are not leased or there is no fee charged for hunting.

Public land—Any land owned or controlled by a Federal or State agency, or municipal political subdivision.

§ 147.673. Eligibility and application for DMAP.
(a) Owners or lessees of private land, hunting clubs or authorized officers or employees of political subdivisions or government agencies are eligible to make application for a DMAP.
   (1) Applications shall be submitted on a form provided by the Commission to a regional office by May 1 immediately preceding the first fall deer season and include the name of the owner, lessee, political subdivision or government agency that is applying for the DMAP and the name and address of the contact person for the DMAP as well as other information required on the application.
   (2) One DMAP harvest permit will be allocated for every 5 acres of land enrolled in the DMAP where material destruction of cultivated crops, fruit trees or vegetables by deer has been or can be documented. One DMAP harvest permit will be allocated for every 50 acres of land enrolled in the DMAP for all other lands. Additional DMAP harvest permits may be allocated dependent on current conditions relative to goals and objectives outlined in a Commission-approved management plan.
   (3) Applications will not be accepted for the following areas without an approved management plan:
      (i) Areas within 1 air mile of another DMAP area that is owned, leased or controlled by the same person, political subdivision or governmental agency.
      (ii) Areas owned or leased by a Federal agency, State agency or municipal political subdivision.
      (iii) Areas with less than 5 acres of cultivated crops, fruit trees or vegetables, or less than 50 acres of other lands.
(iv) Collective areas comprised of distinct, privately-owned and publically-owned lands managed by a local political subdivision or government agency applicant.

(b) Management plans must include at least the following information:

(1) A map showing the location and boundaries of the area and the county, township and Commission wildlife management unit the site is located in.

(2) A description of the management area delineated on the map in paragraph (1) including the size in acres, cover types (forested or nonforested), principle land uses, huntable areas and safety zones.

(3) An explanation of the deer management goals and objectives for the area.

(4) An explanation to substantiate why the person in control of the land wants to increase the harvest of antlerless deer by allowing the use of DMAP in the area. Area specific information shall be provided that supports the deer management goals and objectives.

(c) Upon approval of the application, the location and boundaries of the area shall be designated in a manner approved by the Commission.

(d) Approved applicants will receive one coupon for each DMAP permit the DMAP area is entitled to. In DMAP areas designated by the Director, DMAP harvest permits may be made available directly through authorized issuing agents without coupons being issued.

§ 147.674. Issuance of DMAP harvest permits.

(a) DMAP harvest permits will be made available without regard to quota limitations and will be issued through the Commission’s PALS.

(b) Two harvest permits for the DMAP area may be issued each license year to persons who possess a valid Pennsylvania hunting license.

(c) Coupon holders shall submit the completed coupons and remittance as determined by the Director. The fee for the harvest permit is $10 for residents and $35 for nonresidents. A fee of $6 will be assessed for the replacement of any DMAP harvest permit.

(d) While hunting deer, the DMAP harvest permit shall be possessed by the hunter at all times.
(e) In DMAP areas designated by the Director, applicants may apply for DMAP harvest permits without possessing a coupon as long as harvest permits remain available for that area.

§ 147.701  General.

This section provides for permits to be issued for the hunting and trapping of bobcat and the trapping of otter and fisher during the seasons established and in areas designated under § 139.4 (relating to seasons and bag limits for the license year).

(1) A permit will only be issued to those who possess a valid furtakers license, junior combination license or senior combination license.

(2) Permits will be made available through the Commission’s Pennsylvania Automated Licensing System (PALS). The fee for the permit is $5.

(3) Applications shall be submitted in accordance with periods set by the Director.

(4) Tagging requirements are as follows:

   (i) A permitted person taking a bobcat, otter or fisher shall immediately, before removing the animal from the location of the taking, fully complete and attach to the animal a carcass tag furnished with the permit. The carcass tag must remain attached to the animal until a Convention on International Trade in Endangered Species (CITES) tag is attached, if applicable, or the animal is mounted, tanned, made into a commercial fur or prepared for consumption.

   (ii) A permitted person taking a bobcat or fisher shall report the harvest to the Commission within 48 hours of the taking by a means specified by the
Director. A permitted person taking an otter shall report the harvest to the Commission within 24 hours of the taking by a means specified by the Director.

(iii) A CITES tag for a bobcat or otter taken under this permit will be provided by the Commission in the event that the bobcat, otter or any parts thereof are exported internationally or upon request of the permittee. The CITES tag shall immediately be locked through the eyes of the pelt or, in the event of any other part, locked through and attached to the part. The CITES tag must remain attached to the animal until it is mounted, tanned, made into a commercial fur or prepared for consumption.

(iv) A permitted person taking a bobcat, otter or fisher shall surrender the carcass of this animal within 30 days if requested by the Commission.

§ 147.722. Definitions.

In addition to the definitions contained in the act and § 131.2 (relating to definitions), the following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Agent—A holder of a valid Nuisance Wildlife Control Operator Permit or a legitimate employee.

Humane manner—When dispatching an animal, death shall be induced as quickly and painlessly as possible by any of the methods in § 147.727 (relating to humane methods).

Legitimate employee—An employee of record, one for which the employer deducts or pays taxes or other fees required by any local, state or the Federal government and is listed on the permit.
§ 147.723. Application.
(a) An application for examination shall be submitted on a form supplied by the Commission. A nonrefundable fee of $25 for each test shall be submitted with the application for new agents only. An additional $50 shall be submitted for each permit if the examination is passed.
(b) Experience and qualifications shall be listed on the application. If applicable, the business name shall also be included.
(c) Conviction of a violation of the act within 5 years of the date of application shall preclude the issuance of a permit.
(d) An agent whose permit lapses for 2 or more years shall apply as a new applicant.

Source

§ 147.724. Nuisance wildlife control operator examination.
(a) New agents are required to obtain a minimum score of 80% on a supervised written examination approved by the Director.
(b) The examination must cover the following subject matter:
   (1) Biology, life history and habits of pertinent wildlife.
   (2) Control methods, care and handling and euthanasia.
   (3) Laws and regulations.
   (4) Diseases and parasites.
   (5) Public relations.
(c) New or existing agents seeking certification to control white-tailed deer are required to pass an additional separate examination after passing the basic examination. This examination is subject to the same examination subject matter and minimum score standards under subsections (a) and (b).
(d) New or existing agents applying for certification shall take the required examination within 180 days of final approval of their applications by the Bureau of Wildlife Protection.
(e) New or existing agents are eligible to take each certification examination a maximum of two times each permit year.

Authority
The provisions of this § 147.724a reserved under section 2102(a) of the Game and Wildlife Code (34 Pa.C.S. § 2102(a)).
§ 147.725. Records and reports.  
(a) A record of all activities conducted under authority of the permit shall be kept on a form supplied by the Commission according to instructions on the form. The records shall be kept for 3 years and shall be the basis of any reports required by the Commission.  
(b) Records shall be available for inspection during normal business hours at the request of a wildlife conservation officer.  
(c) A report of activities shall be submitted, on a form supplied by the Commission, to the district wildlife conservation officer by the tenth day of each month. The report shall list the number of each species taken and the disposition of the wildlife.  
(d) Nonresidents shall submit their report forms directly to the Bureau of Wildlife Protection.

§ 147.726. Operation.  
(a) Approved methods and devices are as follows:  
(1) Foot hold traps, body gripping traps, box traps, clover traps, cage traps, nets and snares.  
(2) Agents who are certified pesticide applicators may take vertebrate species with pesticides in accordance with the regulations of the Department of Agriculture. See 7 Pa. Code Chapter 128 (relating to pesticides).  
(3) Shooting with a firearm that will induce death as quickly and painlessly as possible.  
(4) Dogs used to harass nuisance geese. The authorization to harass geese with dogs is prohibited at any time when goslings are present at the site and during the period from June 16 to July 20, when the majority of adult birds are flightless.  
(5) Raptors may be utilized for nuisance wildlife abatement by a permitted nuisance wildlife control operator only when the permitted nuisance wildlife control operator possesses a valid Special Purpose—Abatement Using Raptors Permit issued by the United States Fish and Wildlife Service. Other regulations pertaining to nuisance wildlife control operators apply to persons using this approved method and device.  
(b) The agent shall have the approval of the property owner or lessee and confine all activities to that property.
(c) The permit shall be carried at all times and presented upon the request of any officer whose duty it is to enforce this part.

(d) Except as otherwise provided, it is unlawful to sell, trade, barter or transfer to another person any live or dead animal or parts taken under authority of this permit. Furbearer pelts are excluded from this provision provided the particular species is taken during the hunting or trapping season by the holder of a valid hunting or furtaking license as required.

(e) Devices shall be tagged or labeled with the permit number, or trapper I.D. number.

(f) Devices shall be checked by the agent or property owner at least once each calendar day, but only the agent may remove an animal from a trap.

(g) Nuisance wildlife captured alive shall within 24 hours be dispatched in a humane manner or released in an area open to hunting or trapping. Nontarget animals may be released at the site of capture, with the following exceptions:

1. Except as provided in paragraph (2), rabies vector species (RVS), as defined in § 147.301 (relating to definitions) shall be euthanized in a humane manner rather than released.

2. An agent may not, without special written permission from the director, destroy or euthanize five or more bats at any one location.

(h) Carcasses shall be disposed of by incineration or in an approved landfill in a manner consistent with the solid waste laws of the Commonwealth. The taking of any white-tailed deer shall be reported within 24 hours and turned over to the district wildlife conservation officer, unless alternative arrangements are accepted by the district wildlife conservation officer.

§ 147.728. Unlawful acts.

It is unlawful to:

1. Control any white-tailed deer, black bear, elk, wild turkey, beaver, fisher, otter or bobcat without prior approval of the District Wildlife Conservation Officer.
2. Control any migratory birds unless the agent has the appropriate valid United States Fish and Wildlife Service depredation permit.
3. Control any threatened or endangered species without proper permits and approval of the Commission.
4. Fail to list or delete an employee from the permit.
5. Dispatch any animal in any manner not defined as a humane manner in § 147.722 (relating to definitions).
6. Conduct roundups or gather large numbers of resident Canada geese for removal from an area without prior approval from the Bureau of Wildlife Protection. Prior to authorization of a roundup, an applicant shall have conducted at least 2 consecutive years of nonlethal harassment techniques.
7. Violate other provisions of this subchapter.

§ 147.729. Exemptions.

(a) A nuisance wildlife control operator permit will not be required for municipal, State or Federal employees conducting animal control activities if the following conditions are met:

1. The municipal, State or Federal employee has agreed, in writing, to conduct animal control in accordance with this subchapter. However, permit testing and permit possession requirements do not apply.
2. Written request for exemption shall be made to the district wildlife conservation officer on letterhead from the municipal, State or Federal entity. The request must state that the employee is a legitimate employee of the entity, is employed as an animal control officer and that the entity has accepted responsibility for the employee’s training and supervision as it relates to this subchapter.
3. This exemption is valid only if an animal control officer is acting within his scope of duty.

§ 147.741. Definitions.
The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Applicant—The owner or principal officer of an aquaculture facility, which is suffering severe economic loss, or a person suffering property damage from migratory birds.

Aquaculture—The controlled culture of aquatic organisms, particularly finfish, under artificial circumstances—that is, ponds, raceways—for economic profit or by the Fish and Boat Commission. Net pens are excluded for the purpose of this definition.

WCO—Wildlife Conservation Officer.

WS—United States Department of Agriculture Wildlife Services.

§ 147.742. Depredation permits for migratory birds other than waterfowl.
(a) A depredation permit issued by the United States Fish and Wildlife Service to an applicant may be co-signed under the following circumstances:

(1) A visit to the applicant’s facility has been made by a WCO or the WS representative and a problem is verified to exist. A copy of WS Migratory Bird Damage Project Report will be furnished to the Commission by the WS investigator before submitting the form to the United States Fish and Wildlife Service.

(2) The applicant has exhausted all recommendations for reasonable non-lethal control methods provided by the Commission and the WS representative.

(3) The applicant agrees to implement WS/Commission recommendations for working towards a permanent solution within a period of time agreed to by the applicant, if economically feasible for the facility.
§ 147.743. Disposition of birds destroyed.
Unless otherwise specified in a particular permit, the following apply:
(1) Within 48 hours of killing birds, the permittee shall notify the Commission by phone of the killing and of the number of birds killed and the species of birds killed.
(2) Birds shall be disposed of as specified in the permit or as directed by the Commission.

§ 147.744. Depredation permits for migratory waterfowl.
(a) A depredation permit issued by the United States Fish and Wildlife Service to an applicant may be co-signed by the Commission when the following criteria are met:
(1) Subsequent to a complaint, the site has been visited by a WCO to verify that a problem exists. A Commission waterfowl complaint form will be furnished to the Commission by the WCO. A copy of the Federal depredation permit application will be furnished to the complainant by the WCO.
(2) The applicant has demonstrated the site is open to hunting and hunting has been ineffective or hunting is impractical.
(3) The applicant shall demonstrate that reasonable nonlethal control methods have been attempted. Nonlethal control methods shall include the following:

(i) Feeding of waterfowl is prohibited. The applicant shall address this issue and include evidence of the enforcement of a “no feeding” policy.
(ii) Exclusion and harassment measures (fencing, repellents, scare devices, and the like).
(iii) Habitat manipulation (eliminate feeding areas, resting and breeding habitat).

(b) The following control methods are approved for population reduction and will be specifically identified in the depredation permit:

(1) Oiling, addling or freezing of eggs.
(2) Shooting may be used to reinforce nonlethal measures according to the following guidelines:

(i) The permit will specify the number of birds to be shot with no more than 10% of the nuisance flock to be killed except on airports covered by Airport Safety Control permits issued by the Commission.
(ii) Waterfowl may only be taken with shotgun using nontoxic shot no larger than size T.
(iii) The use of blinds, bait, decoys and calls is prohibited.

(3) Depopulation of waterfowl by the applicant, its employees, wildlife control agents, WS or authorized Federal or State wildlife agency personnel will be specified in the permit under the following guidelines:

(i) The number of birds to be killed may not exceed that specified in the permit.
(ii) Killing will be conducted only by persons specified in the permit by shooting with shotguns using nontoxic shot no larger than size T, or capturing birds and euthanasia by chemical or mechanical devices approved for use by the Executive Director or a designee.

(c) Waterfowl carcasses taken under depredation permits will be used according to the following guidelines:

(1) Care will be taken to preserve carcasses for human consumption and shall be made available to food banks or others specified in the permit. Birds euthanized by chemical means will not be utilized for human consumption.
(2) When the condition of the birds is unsuitable for human consumption or food banks, or individuals are not available to accept carcasses, the birds may be disposed of in a sanitary method by burying, incineration or depositing in approved landfills or refuse facilities.

(a) A permit is not required for red winged and rusty blackbirds, cowbirds and grackles which are listed in the United States Fish and Wildlife Service’s standing depredation order (50 CFR 21.43 (relating to depredation order for blackbirds, cowbirds, grackles, crows and magpies)).

(b) A depredation permit will not be issued for the taking of any endangered or threatened species, as defined in 50 CFR Part 17 (relating to endangered and threatened wildlife and plants).

(c) Depredation permits for waterfowl will only be issued during the waterfowl hunting season, where hunting cannot be used as a control method.

(d) A depredation permit will not be renewed if the permittee has not made a good faith effort to implement nonlethal control recommendations by the Commission or WS.

§ 147.746. Exceptions for resident Canada geese.

(a) Egg addling and nest destruction. Private landowners and managers of public lands and their employees or agents may destroy the nests and eggs of resident Canada geese on lands under their jurisdiction when necessary to resolve or prevent injury to people or damage to property or agricultural crops between March 1 and June 30 without the need for a joint state/Federal permit when the following conditions have been met:

(1) Private landowners or managers of public land have registered with the United States Fish and Wildlife Service at www.fws.gov/permits/mbpermits/gooseeggregistration.html. Each person who will be conducting the activity shall be registered at this site prior to implementing control activities.

(i) Eggs may be addled by shaking, freezing with CO₂ or oiling. If addled by oil, only 100% corn oil may be use.

(ii) Nests and eggs may be disposed of by burying or burning.

(2) Persons exercising privileges authorized by this subchapter shall file a report with the United States Fish and Wildlife Service at www.fws.gov/permits/mbpermits/gooseeggregistration.html no later than October 31 of each year. Failure to file a report may result in the denial of permission to addle the eggs or destroy the nests of resident Canada geese in subsequent years.

(3) It shall be unlawful to interfere with the nest or eggs of resident Canada geese without first registering with the United States Fish and Wildlife Service as required by this subchapter.
(b) Agricultural facilities.

(1) Commercial agricultural production. Persons actively engaged in commercial agriculture production may apply for a State-issued resident Canada goose depredation permit. This permit allows a commercial agricultural producer and its legitimate employees and agents to engage in the shooting or capture of resident Canada geese when necessary to prevent damage to agricultural crops and other interests by resident Canada geese. The permit will prescribe the method of taking and the number of resident Canada geese that may be taken. The permit will be valid from May 1—August 31 of the year in which the permit was issued. The permittee shall file a written report on a form provided by the Commission, regarding the activities authorized by the permit no later than October 31 of the year in which the permit was issued. Failure to file the report as required may result in future applications being denied.

(2) Application fee. An application fee of $50 in the form of check or money order shall be remitted to the Commission by the applicant at the time of application.

(c) Airports and military airfields.

(1) Federal requirement. Airports that are part of the National Plan of Integrated Airport Systems and have received Federal grant-in aid assistance and military airfields may control resident Canada geese on property that is under their jurisdiction without the need for a State or joint state/Federal depredation permit if they comply with 50 CFR 21.49 (relating to control order for resident Canada geese at airports and military airfields).

(2) Unlawful acts. It shall be unlawful to control resident Canada geese on airport or military airfield property through lethal control or to destroy eggs and nests of resident Canada geese unless the participants are in compliance with 50 CFR 21.49 or are in possession of a joint state/Federal Canada goose depredation permit as prescribed in § 147.744 (relating to depredation permits for migratory waterfowl).

(333681) No. 403 Jun. 08
§ 147.761 Purpose and scope.

The purpose of this subchapter is to provide for depredation permits to be issued to qualified agricultural landowners to authorize them to secure the assistance of subpermittees, not otherwise individually qualified by section 2121 of the act (relating to killing game or wildlife to protect property) themselves, to destroy game or wildlife causing agricultural damage on lands owned, leased or otherwise controlled by the agricultural landowners.

§ 147.762 Application.

(a) Applications for depredation permits issued under this subchapter shall be made through the district wildlife conservation officer on the appropriate form provided by the Commission.

(b) Applications must identify the name and contact information of the permit applicant, the names and contact information of the subpermittees, the specific location of the subject property owned, leased or otherwise controlled by the applicant, the species of game or wildlife causing damage, the specific nature and extent of the damage caused by the game or wildlife and any additional information the Commission may require.

(c) Applications will only be accepted from persons meeting the following criteria:

   (1) The permit applicant meets the definition of a qualified “person,” as defined in section 2121(c) of the act (relating to killing game or wildlife to protect property).

   (2) Except in Wildlife Management Units 5C and 5D, the permit applicant is currently enrolled in one of the Commission public access programs (Farm Game or Safety Zone) for a minimum of 2 years.

   (3) The permit applicant possesses a valid agriculture deer control permit if the species sought to be destroyed is white-tailed deer.

   (d) Applications shall be accompanied by a copy of the deed, lease or other legal document evidencing the permit applicant to be the owner, lessor or the person in control of the lands to be permitted, including the hunting rights thereon.
§ 147.763. Permit.
A depredation permit issued under this subchapter authorizes the permittee to enlist the aid of a limited number of subpermittees for the purpose of destroying game or wildlife causing agricultural damage on lands owned, leased or otherwise controlled by the permittee.

(1) The maximum number of subpermittees listed may not exceed two per permit, unless the district wildlife conservation officer recommends an increase due to warranted circumstances.

(2) A depredation permit issued under this subchapter is valid at any hour, day or night, but only for the duration of the current permit year.

(3) An annual report shall be submitted on forms supplied by the Commission by July 31 of each permit year.

§ 147.764. Subpermittees.
A depredation permit issued under this subchapter authorizes a limited number of subpermittees, selected by the permittee, to act on behalf of the permittee by destroying game or wildlife causing agricultural damage on lands owned, leased or otherwise controlled by the permittee.

(1) Qualifications. A subpermittee shall be a resident of this Commonwealth, possess a valid resident hunting license or qualify for license and fee exemptions under section 2706 of the act (relating to resident license and fee exemptions) and have no prior record of violations of the act or related license revocations within the previous 10 years.

(2) Eligibility. A subpermittee may destroy game or wildlife upon lands owned, leased or otherwise controlled by the permittee only when the game or wildlife is either actually engaged in the material destruction of cultivated crops, fruit trees, vegetables, livestock, poultry or beehives, immediately following the destruction or when there is just cause for reasonable apprehension of additional imminent destruction.

(3) Lawful devices and methods. A subpermittee shall comply with the arms, ammunition and method restrictions located in section 2126 of the act (relating to unlawful activities) and § 141.19 (relating to killing game or wildlife to protect property). A permittee may further restrict or limit the usage of specific arms, ammunition or methods of destruction as deemed appropriate.

(4) Reporting. A subpermittee shall report all wildlife destroyed within 24 hours to the Commission in the manner required by section 2122 of the act (relating to report to commission officer).

(5) Surrender of carcass. The allowances of section 2124 of the act (relating to retention of edible carcass for food) do not extend to subpermittees. A subpermittee shall surrender the entire carcass, including the head and hide, of all game or wildlife destroyed under this subchapter to the Commission in the manner provided by sections 2123 and 2125 of the act (relating to safekeeping...
§ 147.765. Violations.

The Director may deny, revoke or suspend any permit for any violation of this subchapter, specifically including violations of the conditions of the permit or reporting requirements, upon written notice to the permittee.

Subchapter W. SNOW GOOSE CONSERVATION HUNT PERMIT

Sec.

147.782. Application.
147.783. Permit.
147.784. Violations.

Authority

The provisions of this Subchapter W adopted under the Game and Wildlife Code, 34 Pa.C.S. §§ 2102 and 2901.

Source

The provisions of this Subchapter W adopted March 28, 2008, effective March 29, 2008, 38 Pa.B. 1473, unless otherwise noted.

§ 147.781. Purpose and scope.

The purpose of this subchapter is to provide for snow goose conservation hunt permits to be issued to licensed migratory bird hunters. This permit will authorize migratory bird hunters to harvest snow geese during a time specified by the Director when all waterfowl seasons are closed and require hunter activity and harvest reporting carried out under the permit.

§ 147.782. Application.

(a) A permit will only be issued to persons who possess a valid hunting license, a valid migratory game bird license and, if the applicant is 16 years of age or older, a valid Federal duck stamp.

(b) Applications for snow goose conservation hunt permits issued under this subchapter shall be made on the form and in a manner provided by the Commission.

(c) Applications must include the name and contact information of the permit applicant.
§ 147.783. Permit.

(a) A snow goose conservation hunt permit issued under this subchapter authorizes the permittee to harvest snow geese within this Commonwealth during a period of time when all waterfowl seasons are closed.

(b) The permittee is required to maintain records specifying hunting activity and harvest by day, time of day, and any other detail required by the Commission. An annual report of this hunting record shall be submitted in a manner specified by the Commission within 30 days of the last hunting day of the conservation hunt period.

(c) Except as otherwise provided in this subchapter, all State and Federal requirements and limitations relating to the hunting and taking of snow geese during regular open seasons apply to any activities conducted pursuant to the authorizations of a snow goose conservation hunt permit. The following specific exceptions apply:

1) Hunting hours. All hunting and taking activities conducted pursuant to the authorizations of a snow goose conservation hunt permit shall be conducted in accordance with the adjusted hunting hours authorized for the snow goose conservation season provided in § 141.4 (relating to hunting hours).

2) Electronic devices. Notwithstanding the general prohibition against the use of electronic devices found in section 2308 of the act (relating to unlawful devices and methods) and § 141.6 (relating to illegal devices), the limited use of electronic calls and electronic decoys shall be authorized for all hunting and taking activities conducted pursuant to the authorizations of a snow goose conservation hunt permit.

The provisions of this Subchapter X issued under 34 Pa.C.S. § 2701(a); amended under the Game and Wildlife Code, 34 Pa.C.S. § 2901(b), unless otherwise noted.

147-83

(372035) No. 477 Aug. 14
§ 147.801. Purpose and scope.
(a) The purpose of this subchapter is to define and implement the Mentored Hunting Program within this Commonwealth and provide for the issuance of hunting permits to eligible individuals.
(b) The Mentored Hunting Program is intended to provide mentors who are dedicated to promoting and sharing this Commonwealth’s hunting heritage with others, the opportunity to provide these unlicensed individuals with one-on-one, hands-on experience and in-field training on the mechanical, ethical, safety, responsibility and enjoyment aspects of the hunting experience.

§ 147.802. Definitions.
The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

- **Lawful hunting device**—Any firearm or implement that is lawful to be possessed during the current season and used to harvest the particular species hunted.
- **Mentor**—A licensed person, 21 years of age or older who is serving as a guide to a mentored youth or mentored adult while engaged in hunting or related activities.
- **Mentored adult**—An unlicensed person, 18 years of age or older, who is accompanied by a mentor while engaged in hunting or related activities.
- **Mentored youth**—An unlicensed person, under 12 years of age who is accompanied by a mentor while engaged in hunting or related activities.
- **Stationary**—The state or condition where a person is still, fixed in place or static, indicated by a cessation of all forward, backward or lateral movement, whether in the standing, kneeling, sitting or prone position.

§ 147.803. Application.
(a) **Form and content.** Applications for mentored hunting permits issued under this subchapter shall be made through the Commission or any of its authorized license-issuing agents on the appropriate form designated by the Commission for this purpose. Each application must include the name, address, telephone number, date of birth, Social Security number of the applicant and any other information required by the Commission.
(b) **Eligibility.**
(1) Mentored youth hunting permits are available to youth applicants under 12 years of age. Mentored youth hunting permits are available to eligible youth applicants until they reach 12 years of age, after which a junior hunting license is required.
(2) Mentored adult hunting permits are available to adult applicants 18 years of age or older who have never held a prior hunting license within this Commonwealth or another state or nation. Mentored adult hunting permits are available to eligible adult applicants for a total of 3 consecutive, unbroken license years, after which an applicable adult hunting license is required.
(c) Minors. Applications may be submitted on behalf of an eligible mentored youth upon presentation of a written request executed by a parent or legally constituted guardian.

(d) Fee.

(1) The fee for a mentored youth hunting permit will be $1, plus any applicable transactional and issuing agent fees.

(2) The fee for a mentored adult hunting permit will be:

(i) For residents, $19, plus any applicable transactional and issuing agent fees.

(ii) For nonresidents, $100, plus any applicable transactional and issuing agent fees.

§ 147.804. General.

(a) License required. A mentor shall possess a valid Pennsylvania hunting license or qualify for license and fee exemptions under section 2706 of the act (relating to resident license and fee exemptions) prior to engaging in any mentored hunting activities.

(b) Permit required. A mentored youth or mentored adult shall possess a valid applicable mentored hunting permit prior to engaging in any mentored hunting activities.

(c) Species limitation.

(1) A mentored youth’s hunting eligibility is restricted to the following species: cottontail rabbit, mourning dove, squirrel, woodchuck, coyote, deer and wild turkey. Except as provided in this paragraph, mentored youth hunting permits will be issued with an antlered deer harvest tag and a spring turkey harvest tag. Harvest tags will not be issued to mentored youth applicants who are under 7 years of age at the time of application.

(2) A mentored adult’s hunting eligibility is restricted to the following species: squirrel, ruffed grouse, rabbit, pheasant, bobwhite quail, hares, porcupine, woodchuck, crow, coyote, antlerless deer and wild turkey. Mentored adult hunting permits will be issued with a spring turkey harvest tag.

(d) Seasons and bag limits. A mentored youth’s and mentored adult’s hunting eligibility is further constrained by applicable hunting seasons, daily limits, field possession limits and season limits provided in § 139.4 (relating to seasons and bag limits for the license year).

(e) Applicability of junior seasons and antler restrictions. A mentored youth is eligible to hunt during any special youth hunting seasons that apply to any species specified in subsection (c) and are subject to the same antler restrictions that apply to junior license holders in § 131.2 (relating to definitions).

(f) Tagging requirements. Mentored youth and mentored adults shall tag and report all big game harvested in the manner provided in section 2323 of the act (relating to tagging and reporting big game kills).

(g) Transfer of an antlerless license. Notwithstanding the prohibitions in section 2711(a)(3) and (5) of the act (relating to unlawful acts concerning licenses), mentors are authorized to transfer antlerless licenses issued to them to an eligible mentored youth or mentored adult. The antlerless license shall be valid and in the possession of the mentor at all times while hunting antlerless deer. The transfer of the antlerless license may not occur until after the mentored youth or mentored adult has harvested the antlerless deer, but before tagging the carcass. A mentored youth or mentored adult may receive by transfer no more than one antlerless deer.
license each license year. Mentored youth and mentored adults are ineligible to make direct application for an antlerless license.

(h) Transfer of a fall turkey tag. Notwithstanding the prohibitions in section 2711(a)(3) and (5) of the act, mentors are authorized to transfer fall turkey tags issued to them to an eligible mentored youth or mentored adult. The fall turkey tag shall be valid and in the possession of the mentor at all times while hunting fall turkey. The transfer of the fall turkey tag may not occur until after the mentored youth or mentored adult has harvested the fall turkey, but before tagging the carcass. A mentored youth or mentored adult may not receive by transfer more than one fall turkey tag each license year.

(i) Transfer of a Deer Management Assistance Program harvest permit. Notwithstanding the prohibitions in § 147.676(2) and (3) (relating to unlawful acts), mentors are authorized to transfer Deer Management Assistance Program (DMAP) harvest permits issued to them to an eligible mentored youth or mentored adult. The DMAP harvest permit must be valid and in the possession of the mentor at all times while hunting antlerless deer. The transfer of the DMAP harvest permit may not occur until after the mentored youth or mentored adult has harvested the antlerless deer, but before tagging the carcass. A mentored youth or mentored adult may not receive by transfer more than one DMAP harvest permit each license year. Mentored youth and mentored adults are ineligible to make direct application for a DMAP harvest permit.

(j) Transfer of an antlered deer harvest tag. Notwithstanding the prohibitions in section 2711(a)(3) and (5) of the act, mentors are authorized to transfer antlered deer harvest tags issued to them to a mentored youth who was under 7 years of age at the time of application. The antlered deer harvest tag shall be valid and in the possession of the mentor at all times while hunting antlered deer. The transfer of the antlered deer harvest tag may not occur until after the mentored youth has harvested the antlered deer, but before tagging the carcass. A mentored youth may not receive by transfer more than one antlered deer harvest tag each license year.

(k) Transfer of a spring turkey harvest tag. Notwithstanding the prohibitions in section 2711(a)(3) and (5) of the act, mentors are authorized to transfer spring turkey harvest tags issued to them to a mentored youth who was under 7 years of age at the time of application. The spring turkey harvest tag shall be valid and in the possession of the mentor at all times while hunting spring turkey. The transfer of the spring turkey harvest tag may not occur until after the mentored youth has harvested the spring turkey, but before tagging the carcass. A mentored youth may not receive by transfer more than one spring turkey harvest tag each license year.

§ 147.805. Safety.

While engaged in mentored hunting activities:

(1) A mentored youth shall be stationary, within arms reach and subject to the immediate control of the mentor at all times while in possession of any lawful hunting device. This limitation may not be construed to apply to mentored adults. Mentored adults shall be accompanied by the mentor within eyesight and in close proximity so that verbal instruction and guidance can easily be understood without the aid of electronic communication devices or sound amplification devices.

(2) A mentor may not accompany more than one mentored youth or mentored adult at any given time. A mentor may not accompany a junior hunter in addition to accompanying a mentored youth or mentored adult.

(3) A mentor and mentored youth may not collectively possess more than one lawful hunting device at any given time. This limitation may not be construed to apply to mentors and mentored adults participating in the mentored adult hunting program.

(4) A mentor and mentored youth or mentored adult shall each comply with section 2524 of the act (relating to protective material required) and with any regulations promulgated by the Commission relating to protective material.

§ 147.806. Liability.

A mentor is responsible and accountable for all actions of the mentored youth or mentored adult occurring while engaged in mentored hunting activities. A mentor who causes or allows a mentored youth or mentored adult to engage in an unlawful act shall be punishable as the principal offender as provided in section 924 of the act (relating to liability for actions of others).

§ 147.807. Violations.

It is unlawful for a mentor, mentored youth or mentored adult to fail to comply with any of the requirements, standards or limitations of this subchapter. A person violating this subchapter shall, upon conviction, be sentenced to pay the fine prescribed in the act. The Director may additionally deny, revoke or suspend any permit for any violation of this subchapter upon written notice to the permittee.

(a) Applications for guiding permits issued under this subchapter shall be made through the applicants’ local district wildlife conservation officers on the appropriate form provided by the Commission.
(b) Each application must include the name, address, telephone number and date of birth of the applicant, as well as the specific eligible species of wildlife sought to be covered by the permit.
(c) Applications for guiding permits will only be accepted from persons who possess a valid hunting license or qualify for license and fee exemptions under section 2706 of the act (relating to license and fee exemptions) and have no prior record of violations of the act or this title or related license revocations within the previous 10 years.
(d) The fee for a guiding permit will be $25 for residents and $50 for non-residents for each respective eligible species of wildlife to be covered by the permit.

§ 147.904. Permit.
(a) General rule. A guiding permit issued under this subchapter is required for any person to engage in any commercial or noncommercial guiding activity.
for the following designated species of wildlife: elk and bobcat. A guiding permit is required for any person to engage in any commercial guiding activity for coyotes on State game lands.

(b) **Additional permits.** Possession of a guiding permit issued under this subchapter does not diminish an individual’s obligation to obtain any other applicable Federal, State or local permits concerning the guiding activities.

(c) **Guiding on State game lands.** Notwithstanding the general prohibitions of § 135.41 (relating to state game lands), a guiding permit issued pursuant to this subchapter shall authorize its holder to engage in commercial guiding activities on State game lands for an eligible species of wildlife.

(d) **Orientation.** In any year the Commission establishes an orientation program for an eligible species of wildlife, the continuing validity of any guiding permit issued under this subchapter covering the eligible species, is premised upon the permit holder’s completion of the orientation program prior to engaging in any guiding activities for the eligible species of wildlife.
