§ 21.4. Conduct of contests.

(a) At each professional contest or exhibition, except an exhibition held solely for training purposes, there shall be two referees, one physician, three judges, an announcer and a timekeeper in attendance, all of whom will be licensed by the Commission. The Executive Director will assign all officials except the announcer. The Executive Director may also appoint a knockdown timekeeper. A promoter or an employee of a promoter or an officer, director or stockholder of a corporation holding the license of a promoter may not be appointed or permitted to officiate in any capacity at a professional contest under the jurisdiction of the Commission.

(b) The Executive Director will determine the time and place of the weigh-in for each professional event under the Commission's jurisdiction, and boxers under contract to participate in the event shall appear promptly at the appointed place to be officially weighed by a representative of the Commission on Commission approved scales and examined by the attending physician.

(1) A boxer being weighed shall remove all clothing at the discretion of a commissioner or the Executive Director.

(2) A boxer shall weigh-in no more than 24 hours prior to the contracted time of the contests. Under extenuating circumstances and with the permission of the Executive Director, the boxer may be allowed to weigh-in no more than 30 hours prior to the contracted time of the contest. If a boxer is deemed overweight by the Executive Director, another weigh-in shall be scheduled for no more than 3 hours from the time that he first stepped onto the scale to determine that the boxer weighs no more than the weight for which he has contracted. Boxers may lose no more than 3 pounds in this 3-hour period. If after 3 hours the boxer cannot achieve the weight, the boxer shall be disqualified and may be subject to disciplinary action as the Commission may determine.

(3) The Commission will require a boxer under contract for a contest under its jurisdiction to appear before a commissioner or the Executive Director for a preliminary physical examination within 2 hours prior to the contest, as required by section 709(a) of the Athletic Code (relating to medical examination). The weight of the boxer shall be one of several factors included in this physical examination by the attending physician to determine whether the boxer is physically or mentally fit to proceed. Physically unfit shall include, but not be limited to, a determination by the attending physician that a boxer has gained or lost so much weight since the time of the weigh-in that the boxer could harm himself or the opponent. Except as provided by section 711 of the Athletic Code (relating to limitation on difference in weights), the weight of one boxer may not exceed the weight of that boxer's opponent by 10 pounds.

(4) If an event is postponed for more than 24 hours, a commissioner or the Executive Director may require an additional weigh-in and physical examination of the participating boxers on the day to which the event is postponed.

- (5) Each boxer in a contest under the jurisdiction of the Commission shall submit to the Executive Director the names of the boxer's seconds for approval, and no person other than the boxer's approved seconds may be permitted to assist in the boxer's corner during the contest.
- (6) A boxer under contract to participate in an event under jurisdiction of the Commission shall report in the dressing room at a time set by the Executive Director and shall remain in that area until ordered to the ring by an authorized representative of the Commission.
- (c) The referee shall call the participants and their chief seconds to the center of the ring for final instructions before each contest. During an event, only licensed seconds, trainers and managers are authorized to be in the boxer's corner. After the announcement of the decision at the end of a contest, the participants and their seconds shall leave the ring without undue delay and retire to the dressing quarters. Participants, seconds and managers may not manifest to officials or to spectators an opinion as to the outcome of the contest nor may they be disrespectful or exhibit improper conduct toward a Commission official or toward the spectators before or after the announcement of the decision.
- (d) The promoter shall have immediately available for use adequate medical emergency first aid supplies and equipment during each event under his promotion, which will be subject to examination and approval by the Commission. An individual will not be permitted to examine or treat a participant during an event unless the individual is wearing disposable latex hygienic gloves. The gloves shall be paid for and provided by the promoter. Exceptions will be permitted when an emergency treatment or examination makes the wearing of the gloves impractical. The promoter shall also have available for each event under his promotion an ample supply of conventional boxing gloves including at least one new set of gloves for use in the main contest. Gloves for use in the event shall be in good condition and will be subject to inspection and approval by the referee, a commissioner, the Executive Director and an inspector before and during use. If a glove bursts or is otherwise seriously damaged during the progress of a contest, the referee shall interrupt the contest and require that the glove be replaced before the resumption of the contest.
- (e) Persons other than boxers, managers, seconds and Commission representatives may not have access to the dressing quarters at an event under the jurisdiction of the Commission except by special permission of the Commission. The Commission may issue nontransferable written passes to the dressing quarters if circumstances warrant, and then only holders of the passes shall be admitted except by special permission of the Commission. An inspector shall be on duty in the dressing quarters from the opening until the closing and shall be responsible for the maintenance of order and the enforcement of the Athletic Code and this part.
- (f) The ring platform shall be kept clean and clear of obstructions throughout each contest. Buckets, stools, bottles and other corner equipment shall be

removed before the start of each contest and again between rounds immediately upon the sounding of the 10-second warning signal of the timekeeper. Care shall be exerted by boxers and their seconds to keep corners dry. Excessive spraying or throwing of water on boxers is forbidden.

(g) Unless otherwise authorized by the Executive Director, a professional event may not be scheduled for a total of less than 28 or more than 40 rounds, each of which shall be of the maximum duration of 3 minutes for male boxers and 2 minutes for female boxers with a rest period of 1 minute between the end of each round and the start of the next. Professional contests under the jurisdiction of the Commission shall be scheduled for four, six, eight or ten rounds unless otherwise specifically authorized by the Executive Director in the case of a world championship, State championship or other especially significant contests when contests may be scheduled for 12 or 15 rounds for male boxers as the Commission deems appropriate. The maximum number of rounds for female boxers is ten rounds. A contest of the scheduled duration of more than 15 rounds may not be permitted in this Commonwealth. The Executive Director may permit, and will have the discretion to place on the program, and to determine the length of, one scheduled intermission between contests of a professional event.

(h) A promoter shall notify the Executive Director of a proposed change in the composition of any contest under his promotion immediately upon the arising of need or decision for change. An announcement or advertisement of the proposed change may not be made by the promoter or a person connected with the promotion unless approval of a commissioner or the Executive Director has been granted. If the change is made and approved, immediate widespread public announcement shall be made through available communications media and written notice shall be posted conspicuously at ticket agencies and at entrances and ticket windows at the site of the event. Upon postponement or cancellation of the main event or the entire program of contests or exhibitions, the promoter shall refund the full price of each ticket to any person who presents the entire ticket for a refund within 10 days after the event. The promoter shall announce the postponement or cancellation at the beginning of the program and at other times during the event as the Commission may prescribe and shall notify the ticket holders in each announcement that they may present their ticket stubs for a refund of the purchase price during the program.

(i) The promoter of a professional event under the jurisdiction of the Commission shall make payment of the purse and other money due a participating boxer to the boxer personally unless a prior arrangement has been made and approved by the Commission. A promoter may not make payment to a boxer, to a manager or to an agent of either of them except in the presence of a commissioner or the Executive Director. There may be no variance from the procedure in this subsection except by explicit written direction by the Commission to the promoter.

(j) Each professional contest under the jurisdiction of the Commission shall be designated a contest or an exhibition according to its true and correct character and having been so designated, it shall be announced and advertised explicitly as such. An exhibition may not be announced or advertised either directly or by inference as a championship match.

(k) A boxer or a licensee may not strike, molest or abuse physically or verbally a spectator, ring official or representative of the Commission under penalty of summary disqualification, suspension or fine, or any combination of these penalties.

(l) A professional event or individual match may not be publicly announced or advertised until approved by the Commission.

(m) If a boxer refuses to continue a contest while physically able to do so, the referee shall rule the contest a technical knockout (TKO) and award the contest to the opposing boxer. The purse of the losing boxer, or any part thereof, may be impounded by the Commission.

§ 21.5. Scoring system.

(a) The scoring in professional contests shall be on the basis of the ten points must system.

(1) Each judge in reaching a finding on each round of a contest shall award to the winning boxer ten points and to the losing boxer nine points or less and shall so inscribe the official score card immediately upon conclusion of the round.

(2) In the case of an even round, the judge shall award ten points to each boxer.

(3) At the conclusion of each round which has not been terminated by a knockout, a technical knockout or the disqualification of either boxer, the Executive Director or an inspector shall tally the points for each boxer and mark these scores on the official score card.

(4) If each boxer has been awarded the same total number of points, the vote of the judge shall be recorded as a draw.

- (5) Each judge shall sign his name to his score cards.
 - (6) A boxer shall be declared the winner of a contest if he has received the winning votes of two or all of the judges.
 - (7) A contest shall be declared a draw if the votes of two or all of the judges shall so state, or if each boxer receives the winning vote of one judge and the vote of the third judge shall be for a draw.
- (b) Examples of ten point scoring are as follows:
- (1) 10-10. Indicates an even round. Neither boxer distinguished himself as being more effective than the other. In addition, the boxers appeared equal in the areas that may be used to break an even round, such as opponent control, ring strategy and overall conditioning and abilities as a complete boxer, with emphasis on overall ability.
 - (2) 10-9. Indicates one boxer distinguished himself as more effective during the round, as described in paragraph (1). This score is the most often used, and allows for a slight to considerable margin between the boxers. One boxer may have been only slightly better than the other or the boxer may have dominated the round without really stunning the other boxer, with no knockdowns.
 - (3) 10-8. Indicates a round in which one boxer was in constant control, and unquestionably outclassed his opponent. The boxer may also have obviously stunned his opponent, usually including at least one knockdown. If there were no knockdowns, there shall still have been enough contact done to indicate that at least one of these occurrences was imminent.
- (c) Subject to the foul rule in subsection (d), if in a round a boxer is adjudged guilty by the referee of a foul or of a technical violation of the Athletic Code, the referee may penalize the offending boxer one point for each foul or technical violation. The referee shall immediately stop the contest and notify the judges of the number of points being deducted and provide for the innocent boxer to be examined by the ringside physician, if warranted. In each round when points are being deducted, judges shall score the round in a normal manner and mark next to the score the number of points being deducted for that boxer for the foul as indicated by the referee. If a boxer persists in the employment of foul tactics or in technical violations of the Athletic Code or if the boxer inflicts, by foul means, a crippling injury upon his opponent so that the latter is adjudged incapable of continuing the contest, the referee shall disqualify the offending boxer and shall award the contest to the innocent boxer. In determining the scoring of a round, a judge shall consider the following:
- (1) Aggressiveness.
 - (2) Clean hitting.
 - (3) Cleverness.
 - (4) Defensive skill.
 - (5) Effectiveness of blows.
 - (6) Fouls and technical violations.
 - (7) Knockdowns.

(d) If a boxer in a contest scheduled for more than four rounds receives an accidental foul that renders the boxer immediately unable to continue and less than four rounds have been completed, the referee shall rule the decision a “no contest.” This rule does not apply in the case of accidental low-blow fouls as referenced in subsection (l). If at least four rounds have been completed, the boxer ahead on the scorecards shall be awarded the decision. If neither boxer is ahead on points, the contest shall be ruled a draw. The round shall be considered complete when the bell is sounded ending the round. Partial rounds shall be scored when at least four rounds have been completed.

(e) If a boxer in a contest scheduled for four rounds receives an accidental foul that renders the boxer immediately unable to continue and less than three rounds have been completed, the referee shall rule the decision a “no-contest.” This rule does not apply in the case of accidental low-blow fouls as referenced in subsection (l). If at least three rounds have been completed, the boxer ahead on the scorecards shall be awarded the decision. If neither boxer is ahead on points, the contest shall be ruled a draw. The partial fourth round shall be scored.

(f) If a boxer receives an intentional foul, the referee shall stop the contest and shall deduct one or more points from the offender. Point deductions shall be at the discretion of the referee based upon the severity of the foul. If the boxer who received the intentional foul is unable to continue the round in which the foul occurred, as determined by the referee or ringside physician, the referee shall stop the contest and the injured boxer shall have up to 5 minutes of recovery time. If after these 5 minutes the injured boxer cannot continue, the referee shall disqualify the offender. Point deductions and disqualifications are at the discretion of the referee.

(g) The referee shall have the authority to determine whether the foul is accidental or intentional and shall make his ruling known immediately after the foul has been committed. The referee shall notify the judges, Commission personnel and both boxers of his ruling.

(h) If an injury inflicted by an accidental foul later becomes aggravated by fair blows and the contest must be stopped in a round other than the one in which the foul occurred, the outcome will be determined by the scoring of all partial and completed rounds if at least four rounds have been completed. If less than four rounds have been completed, the outcome shall be ruled a “no-contest.”

(i) If an injury inflicted by an intentional foul later becomes aggravated by fair blows and the contest must be stopped in a round other than the one in which the foul occurred (See subsection (e)), the injured boxer will win by a technical decision if he is ahead in the scoring.

(1) The contest shall be ruled a technical draw if the injured boxer is behind or even in the scoring.

(2) If a boxer injures himself while attempting to intentionally foul his opponent, the referee shall take no action in his favor, and this injury shall be treated the same as one produced by a fair blow.

(j) In a round when a boxer has been knocked down and that boxer has not risen at the end of the round, the count of the timekeeper shall be continued and, if the fallen contestant shall fail to rise before the count of ten, he shall be considered to have lost the contest by a knockout in the round just concluded. If the boxer does rise and the round has already ended, the timekeeper shall immediately ring the bell signifying the end of the round.

(k) The referee shall signal for a time-out when a boxer is knocked down as a result of an accidental foul or accident, as ruled by the referee. The boxer shall have up to 5 minutes of recovery time. If the boxer cannot continue after 5 minutes and four rounds or more have been completed, the winner of the contest shall be determined by the scores indicated for completed rounds on the scorecards. Partial rounds shall be scored when at least four rounds have been completed. If less than four rounds have been completed, the contest shall be ruled a technical draw.

(l) In the case of an accidental low-blow foul, the same procedures in subsection (k) shall be followed, except that if the boxer who is unable to continue is ahead on points, the contest shall be ruled a technical draw. If his opponent is ahead on points, he shall be awarded the decision.

(m) If a boxer is disqualified by the referee and that boxer is behind on points at the time of his disqualification, regardless of the round, that boxer shall lose by technical knockout (TKO).

The Commission will not license or renew the license of a professional boxer unless the license application is accompanied by a report from a Department of Health facility, a laboratory possessing a permit from the Department of Health under 28 Pa. Code § 5.11 (relating to permit, requirements, application and conditions) or a report from a laboratory licensed in another jurisdiction that meets the requirements to be issued a permit under 28 Pa. Code § 5.11, and is acceptable to the Commission, which indicates that the applicant has been tested for any virus, antibody, antigen or etiologic agent determined to cause or indicate the presence of human immunodeficiency virus and any other communicable disease and the results of those tests were negative. The tests shall have been initiated no more than 6 months prior to the date of filing the application. A boxer whose application for license has been denied has the right to a hearing before the Commission under 2 Pa.C.S. §§ 501—508 (relating to practice and procedure of Commonwealth agencies). The applicant shall apply, in writing, to the Commission requesting a hearing. The Commission will conduct a hearing within 10 business days from the receipt of the written request.

(b) The Commission will require each professional boxer under contract to appear in a contest under its jurisdiction to be properly licensed and to be examined and certified by a physician appointed by the Executive Director to be physically sound before being permitted to engage in the contest. A commissioner, the Executive Director or the ringside physician, upon the individual's own initiative as a safety precaution, may require a professional boxer under the jurisdiction of the Commission to undergo a general or an ad hoc physical or

mental examination, or both, for the purpose of determining whether or not the boxer is fit to continue actively in the profession of boxing.

(c) Whenever a professional boxer considers himself unable by reason of illness or injury to participate in a contest for which he is under contract within the jurisdiction of the Commission, he, or his manager in his behalf, shall promptly notify both the Executive Director and the promoter of the event of the alleged condition of the boxer. The boxer shall immediately submit written medical verification to the Executive Director who may, if he deems fit, require the boxer at his own expense to undergo examination by a physician selected by the Executive Director for further substantiation of the averment of disability. If a contest to which a professional boxer is under contract has been canceled and no suitable opponent, as determined by the Executive Director, can be located, the boxer shall be entitled to reasonable expenses as determined by the Executive Director.

(d) A boxer shall be considered to have been knocked out in a contest if he is counted out and he may incur a suspension of up to 90 days. A suspension under this section shall be mandatory if the boxer has been knocked unconscious or has received a concussion. This mandatory suspension shall be removed only after the boxer has been pronounced fit after undergoing medical examination by a physician.

(1) A boxer may incur a suspension of up to 30 days if he experiences a technical knockout without head injuries.

(2) A boxer may incur additional suspension time upon recommendation of the ringside physician or the Commission's Medical Advisory Board.

(3) A professional boxer who is defeated in six consecutive contests, either within or outside the jurisdiction of the Commission shall be required to undergo a medical examination by a physician approved by the Commission, pending inquiry by the Commission to determine the physical and mental ability of the boxer to continue safely in the boxing profession.

(e) The Commission will not license as a professional boxer an applicant under 18 years of age and the Commission will require conclusive proof of age of a boxer applying for the first time to be so licensed with the Commonwealth. An applicant for a boxing license who has never competed in a professional contest shall attach to his license application the results of a complete general physical on a form supplied by the Commission in the *Medical/Safety Manual*. The Commission will not license as a professional boxer an applicant over 36 years of age except by special action by the Commission. An applicant for a boxing license over 36 years of age shall attach to his license application the results of the following:

- (1) A complete general physical on a form supplied by the Commission.
- (2) An electrocardiogram (EKG).
- (3) A stress echo test.
- (4) An eye exam.

(f) The Commission will not permit a professional boxer to participate in a contest under its jurisdiction without first having signed with a licensed promoter a contract covering the participation that meets the requirements of sections 1101—1104 of the Athletic Code (relating to contracts) and this part. If the boxer is under contract to a manager, the manager is also required to sign the contract unless excused by the Commission. This does not mean that a boxer is not contractually bound by a commitment made in his behalf by his legally constituted manager even though the boxer may not have personally executed the instrument purporting to commit him.

(g) A boxer under the jurisdiction of the Commission may not be under contract to more than one manager at the same time without express approval of the Commission. A boxer under the jurisdiction of the Commission may not enter into a contract with a manager or combination of managers in which the boxer is obligated to the payment of more than the total of 40% of his earnings under the manager or combination of managers.

(h) A boxer whose manager has been suspended by the Commission or whose suspension in another jurisdiction is recognized by the Commission may box in this Commonwealth, independently of his managerial contract at the discretion of the Commission and will be permitted to contract individually under the circumstances and to collect the full amount of a purse or other moneys due to him; no part of the sum may be held or reserved for the suspended manager.

(i) Professional contests between boxers under contract to the same manager are prohibited without exception.

(j) The Commission may require either or both of the participants in a professional contest to guarantee appearance or the making of agreed weight, or both, by stipulated monetary forfeit to be posted with the Commission in cash or by certified check by a stated time prior to the contest under appropriate circumstances. The Commission may declare the sum posted by him forfeited in whole or in part if a boxer fails to appear or make the agreed weight, and the forfeited amount shall be distributed, as the Commission, in its discretion, will decide.

(k) A professional boxer who fails to appear promptly at the time and place set by the Executive Director for the official weigh-in for a contest in which he is under contract to participate shall be subject to a disciplinary action the Commission sees fit to impose. A professional boxer who fails to appear for a contest in which he is under contract to participate or having appeared, refuses to participate in a contest may be subject to a fine, suspension, revocation of license or one or all of these penalties at the discretion of the Commission.

(l) If either or both of the participants in a professional contest fail to satisfactorily put forth serious effort during the contest or persist in foul tactics in the judgment of the referee, the referee shall stop the contest after reasonable warning, disqualify the offending boxer and award the decision to the boxer making the serious effort. The Commission may impound moneys due to the offending boxer pending the outcome of a hearing, which the Commission will arrange.

(m) Participants in professional contests under the jurisdiction of the Commission shall:

(1) Be shaven clean except that the Commission may sanction the wearing of closely cropped mustaches or beards, or both, at its discretion.

(2) Wear their hair secured so that it does not interfere with the vision or safety of either contestant.

(3) Use no facial cosmetics.

(4) Wear conventional boxing trunks, smoothsole shoes, a foolproof abdominal guard or cup and an individually fitted mouthpiece, which shall be subject to examination and approval by the Commission. Female boxers shall also wear a chest protector, body shirt and blouse and comply with § 21.8(n) (relating to boxers). Female boxers are also required to follow all other general requirements applicable to male boxers.

(5) Adhere to the following requirements for gloves. Each glove used in a professional boxing contest under the jurisdiction of the Commission shall weigh at least 8 ounces of which no more than 1 ounce shall be in the wrist padding of the glove. At all times, boxers competing against each other shall wear gloves of the same weight. For boxers weighing 160 pounds or less, the boxing gloves cannot weigh less than 8 ounces each. For boxers weighing over 160 pounds, the boxing gloves shall weigh at least 10 ounces each.

(i) The gloves of each boxer shall be adjusted in the dressing quarters of the event under the supervision of a Commission representative and in the presence of a second of the opposing boxer, if the latter so desires. Gloves of the participants in the main contest may also be adjusted in the ring by the referee.

(ii) The ends of the lace of each glove shall be tied and knotted on the back of the wrist of the glove and a single strip of adhesive tape 1 inch in width shall be carefully and smoothly placed around the wrist of the glove over the lace and the knot.

(iii) The bandage for use on each hand and wrist shall be soft bandage or gauze not more than 2 inches in width and 10 yards in length, except that the bandage for the hand of a light heavyweight or heavyweight boxer may be 12 yards in length. The bandage shall be wrapped smoothly and evenly on each hand and shall be held in place by adhesive tape 1 inch in width around the wrist with overlap of not more than 1 inch to clinch the ends. Tape, cotton or a substance other than the approved bandage may not be used between the fingers or over the knuckles of the hand. Bandaging of the hands of a boxer shall be done in the dressing quarters under the supervision and subject to the inspection and approval of a Commission representative and in the presence of a second of the opposing boxer, if the latter so desires.

(n) A female boxer:

(1) May not engage in a contest with a male boxer.

- (2) Shall provide the Commission with a negative pregnancy test result taken not more than 24 hours prior to the scheduled contest.
- (o) A male boxer may not engage in a contest with a female boxer.

enhancement of the effect of blows. A boxing glove in which the padding has been displaced or broken may not be used in a contest under the jurisdiction of the Commission.

(d) A boxer may not engage in a contest without wearing an abdominal guard or cup. A female boxer shall also wear a chest protector approved by the Commission. A boxer may not wear shoes with hard soles, hard or sharp edged heels, spikes, cleats or abrasive surfaces.

(e) If the gloves of a boxer touch the floor of the ring during a contest, the referee shall cleanse them of resin, grit and dirt by wiping them on his shirt or, if necessary, with a towel before allowing the action to continue.

(f) A commissioner or the Executive Director has authority to enter and inspect training quarters of boxers under the jurisdiction of the Commission to observe the conduct, facilities and cleanliness of the quarters and to appraise the activities and the physical condition of boxers during training.

(g) Every boxer under the jurisdiction of the Commission in undertaking to engage in a contest within this Commonwealth shall certify to the Commission that he is in sound physical condition and is not concealing an illness, injury or disability. This certification shall be set forth in a contract entered into with a promoter for a contest whether by the boxer in his own behalf or by a manager acting for him. If the boxer incurs an illness, injury or disability prior to the contest, he and his manager, if any, shall be strictly responsible for prompt and complete disclosure to the Commission.

(h) The mandatory eight-count rule shall be in effect in boxing contests within this Commonwealth. If the referee rules that a boxer has been knocked down, action may not be resumed until the referee has counted to eight even though the fallen boxer meanwhile has regained his feet. During this eight-count, the referee or ringside physician may terminate the contest if a boxer appears to be in physical danger.

(i) The three knockdown rule will not be in effect in boxing contests within this Commonwealth.

(j) If a boxer is knocked out, his consequent suspension prohibits him not only from boxing in actual competition, but also from sparring as a part of his training exercises. If a boxer is knocked unconscious during a contest, his seconds may not minister to him, except to remove his mouth protector, until the attending physician has examined him and given appropriate instructions for his further care. If a boxer receives a concussion, the boxer may not be permitted to box, even after the expiration of the medical suspension, until the boxer has been thoroughly examined and approved by a physician, who may be designated by the Commission.

(k) If a boxer has been a victim of repeated knockouts or the recipient of sustained severe punishment, or both, the Commission may revoke, suspend or refuse to renew his license after the boxer undergoes a medical examination by a physician under section 708 of the Athletic Code (relating to suspension and

revocation for injuries). The Commission will notify a boxer in writing of its action. A boxer may request a hearing before the Commission to review the Commission's action, under 2 Pa.C.S. §§ 501—508 (relating to practice and procedure of Commonwealth agencies). The Commission will give full force and recognition within this Commonwealth to medical suspensions and retirements imposed upon boxers in other jurisdictions subject to the right of appeal of affected boxers to the Commission which shall seek and, if possible, obtain a complete record of the matter from the authority which imposed the original suspension or retirement before rendering a decision in any given case.

(l) If a boxer is legally knocked or falls from the ring during a contest, the boxer shall be allowed a maximum of 20 seconds to return within the ropes unassisted.

(m) If a boxer rises within the count of ten after being knocked down and then falls without being struck again, the referee shall resume the count at the point where it was stopped when the boxer rose.

(n) A protective regulation in this section or elsewhere in the Athletic Code or this part will not be waived or relaxed in any degree by a Commission official for a boxing contest in this Commonwealth. Championship contests will not fall within this prohibition.

Notes of Decisions

Referee Met Responsibility When Calling Knockout on Ten-Count Period

Professional boxer, challenging decision of boxing referee who called knockout in boxing match, was entitled only to 10-count period and therefore referee fulfilled his responsibility when he ended boxing match; 5-minute recovery time, allowed when boxer is knocked down due to accidental foul or accident, was not applicable since referee did not call knockout the result of accidental foul or accident. *Terry v. State Athletic Commission*, 873 A.2d 19, 24 (Pa. Cmwlth. 2005)
