(a) Poker shall be conducted in a separate area of the licensed facility designated specifically for the operation of Poker as approved by the Board or the Board's Executive Director in accordance with § 467a.1 (relating to gaming floor plan).

(b) Poker shall be played with no less than two players. For all types of authorized Poker games in this chapter, the dealer may not participate in the playing or outcome of the game in any way except as otherwise authorized in this chapter.

(c) A player shall bet on the cards that the player holds in his hand. All bets by a player shall be placed by the dealer in the designated area of the table known as the pot. A player may be required to place an Ante or Blind Bet prior to the receipt of any cards. After each round of cards is dealt, a betting round shall be conducted. Each player shall decide whether to continue contending for the pot by calling or raising the bet of the other players.

(d) The object of Poker is for a player to win the pot either by making a bet that no other player elects to call or, depending on the type of Poker being played, by having the highest ranking high hand, the highest ranking low hand or both the highest ranking high and low hands in accordance with § 637a.6 (relating to Poker rankings). If two or more players are still in contention for a pot after all cards have been dealt and the final betting round has been completed, there shall be a showdown among those players to determine which player has the winning hand.

(e) The following procedures shall be utilized by the dealer when dealing the game of Poker:

(1) The dealer shall place the stacked deck of cards in either hand. After the dealer has chosen which hand in which to hold the cards, the dealer shall continue to use that hand whenever holding the cards during that round of play. The cards held by the dealer shall be kept in front of the dealer at all times and as level with the Poker table as possible. If during a round of play the deck shall be set down to handle a transaction, the dealer shall place a marker button on top of the deck until the transaction has been completed.

(2) The dealer shall verbalize or physically indicate the action that is occurring at the Poker table with regard to the conduct of the game and instruct each player as to the player's various turns to act and options.

(3) All burn cards required under this chapter must be kept separate from the pile of discarded cards.

(4) The dealer shall either:

(i) Count the entire deck of cards at least once every 5 rounds of play to determine if 52 cards are present. The dealer may count the stub in the games of Hold 'Em Poker and Omaha Poker.

(ii) Utilize an automated card shuffling device, submitted to the Bureau of Gaming Laboratory Operations and approved in accordance with § 461a.4 (relating to submission for testing and approval), which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present.

(5) If a count of the deck or stub indicates that the number of cards in the deck is incorrect, the deck shall be removed from the table.

(6) At the completion of a round of play, the dealer shall award the pot to the winning player or players after a showdown or to the last remaining player if all other players have folded. Prior to pushing the pot to the winner and collecting the winning hand, the dealer shall:

(i) Collect the cards from all losing players. The losing hands shall be counted by the dealer to determine that the proper number of cards has been returned.

(ii) Award all side pots.

(iii) Collect the rake in accordance with § 637a.17 (relating to Poker revenue).

(iv) Collect, if applicable, any amount required to be contributed to a Bad Beat or High Hand Jackpot payout fund in accordance with §§ 637a.15 and 637a.16 (relating to Bad Beat payout; posting of rules; contributions; counting and displaying of payout amount; procedures for implementation; and High Hand Jackpot payout; posting of rules; contributions; counting and displaying of payout amount; procedures for implementation).

(1) A player may bet only with the table stakes that were already on the Poker table in front of the player when the round of play commenced.

(2) A player may add to his table stakes only between rounds of play and, except as provided in paragraph (6), may not remove any of his table stakes from the Poker table at any time during a round of play.

(3) Currency that is available for use by a player may be utilized in accordance with this section to initiate, call or raise a bet if the currency is expeditiously converted into value chips, tournament chips or plaques by the dealer.

(4) To participate in a round of play, a player shall be required to have an amount of currency, value chips, tournament chips or plaques available on the Poker table prior to the start of the round of play which is sufficient to make

any Ante, Blind or Forced Bet required by the Poker game being played and at least one bet at the posted table minimum.

(5) A player who satisfies the requirements in paragraph (4) but depletes his funds on the Poker table prior to the completion of a round of play shall be deemed All-in as follows:

(d) A player who announces a bet or raise of a certain amount but places a different amount of value chips, tournament chips or plaques in the pot shall be required to correct his bet or raise to the announced amount in accordance with the instructions of the dealer.

(e) A player shall be considered to have placed a bet if the player:

(1) Pushes value chips, tournament chips or plaques forward to indicate the intent of placing a bet.

(2) Places value chips, tournament chips or plaques at a sufficient distance from the player and towards the pot to make it obvious that the value chips, tournament chips or plaques are intended as a bet.

(3) Places currency into the pot to be exchanged for chips in accordance with subsection (b)(3).

(f) A player may not make a bet and thereafter attempt to increase the amount of the bet unless the player:

(1) Indicates at the time the bet is being made that the bet is not yet complete.

(2) Puts the proper amount of value chips, tournament chips or plaques into the pot to call a bet and also indicates his intention to raise.

(g) Subject to the posted table betting limits, a player who announces “raise” may continue to bet value chips, tournament chips or plaques until both of his hands come to rest in front of the pot.

(h) The dealer shall ensure that no player touches any of the value chips, tournament chips or plaques once they are placed into the pot.

(i) Unless a raise has been verbally announced by a player, the player who puts a single value chip or tournament chip into the pot that is larger than required is assumed to have only called the preceding bet and to be awaiting change from the dealer.

(j) Unless specifically posted to the contrary, a player may raise after the player has previously checked in a betting round.

(k) The certificate holder shall post a sign specifying any restrictions with regard to the maximum number of raises that may be permitted for any round of betting and the minimum and maximum bets in effect at each Poker table. If all players at a Poker table agree to increase the minimum bet at the table, the minimum bet posted at the table need not be followed. The certificate holder shall include in its Rules Submission under § 601a.2 (relating to table games Rules Submissions) any restrictions with regard to the maximum number of raises that may be permitted for any round of betting, provisions specifying the maximum amount that the minimum bet may be increased and how the dealer will determine that all of the players have agreed to the increased minimum bet amount.

The amount of the Forced Bet shall be specified in the certificate holder's Rules Submission under § 601a.2 and posted at the Poker table. The player required to place the Forced Bet shall be determined by comparing the up card of each player. (h) The dealer shall then deal two additional rounds of cards face up and one round of cards face down to each player who made or called the last bet. Prior to each round of cards being dealt, the dealer shall burn the top card of the deck. Notwithstanding the foregoing, if insufficient cards remain in the deck to give each remaining player either a sixth or seventh card, the top card of the deck shall be burned and a common card shall be dealt face up in the center of the table. If there is either one or no card remaining in the deck when a common card is to be dealt, the dealer shall shuffle the burn cards, burn a card and then deal the common card. The dealing of each round of cards or, if applicable, each common card under this subsection shall be followed by a betting round conducted in accordance with subsections (f) and (g).

(i) If more than one player remains in the round of play after the final betting round has been completed, a showdown shall be used to determine the winner of the pot.
